Dear Lyndon:

Enclosed is a suggested program for neighborhood improvement which I sent to Mayor Massell several years ago. I received a nice thank-you letter but no action was ever taken as far as I can see.

Since you have intimate access to Mayor Jackson I thought it might be worth another try. Perhaps with better success through you and the League.

I am sure it is quite feasible and should give excellent results with sufficient effort. I saw a similar program called "Yard Parks" work amazingly well in Indianapolis some years ago.

Sincerely,

Don
