**CHEAP LANDS
IN NEW-POLAND!!**

Am I not a man and
a brother?
Go 'long wid yer!
Do you call yourself a
Gembleman of coloe,
you wagabone?

Owing to the wise
measures pursued by Stab-
ton towards the late rebels
in New Poland, it is con-
fidently expected that the in-
habitants will pack up and
be moving. Here is a fine
chance for ex-contractors
and other patriots of the
North to obtain land for a
mere whistle. Will not the
holy men and women of
New England give this
subject their attention?

**GREAT SPEECH
of Ralph Waldo Emerson,
THE POCKET EDITION
OF GOD.**

Massachusetts, sir - the lit-
tle State of Massachusetts can
double up her fist and knock
down the universe; though
small like Aesop's Frog, she
can swell to the size of an
ox. Massachusetts, sir, is
the head of the world, of
the universe. A head in
intelligence and in morals
She does all things from
the purest motives, hangs
Quakers from a sense of
duty, and turns wooden
nut mugs in the fear of
the Lord. What is all
the rest of the Union? A
pack of publicans, sinners,
and harlots - a foul and
venomous toad with but
one precious jewel shining
in her forehead, and that
jewel is Massachusetts.

BLACK CARS.
 Some traitors fuse to
 ride in de same cars wid

 If dey don't like de smell
 ob cullud pussans, dey hab
 got to get use to it, and if
 dey fuse to get use to it,
 dey must suffer de conse-
 quence ob dar rebellion.
 De black cars must be put
 away, so dat cullud pussans
 can ride wid white folks.

De Russians cannot
 brag over dis country any
 longer, for we hab got our
 Poland as well as dem.

We is glad to hear
 dat Gubbornor Andrews
 is gwine to send on a
 Committee from Massa-
 chusetts, to take charge
 ob New-York.

HONOR TO LINCOLN.
 Some Copperheads pre-
 tends dat, arter all, Massa
 Lincoln was no better than
 Massa Washington. Dat is
 impossible, bakase Wash-
 ington was de hero ob on-
 ly one war, but Lincoln
 was de hero ob two wars,
 de war against de South,
 and de war against de
 Constitution which am
 de league wid hell.

This great work should

 calculated to teach the

 author goes beyond that;
 ne loves not only sinners
 out sin also. For
