Brother And Sister Faculty Members;

Enclosed you will find a pledge to support the National Association of Black Students. It is a necessary Black student organization in the fact that NABS is committed to unifying Black Students along the ideological lines of being dedicated Black-community worker/liberators.

Clearly then, NABS cannot continuously rely upon white financial gifts and/or "rip off " monies. They need our help and 1% of our salaries is less that what many of us spend on "booze" or cigarettes: both of which are not tax deductible.

...So let us struggle together

Black liberation, then
Black peace,

S. E. Anderson
Black Co-ordinator
