GENERAL INFORMATION

Atlanta University is a member of the Southern Association of Colleges and Schools, the Council of Graduate Schools in the United States and the North American Association of Summer Sessions. The courses offered, both graduate and undergraduate, are of the same standard as those offered in the regular session and carry the same credit. Members of the faculties of the six sponsoring institutions and educators from the faculties of leading institutions throughout the United States comprise the teaching staff.

REQUIREMENTS FOR ADMISSION

Atlanta University has an affirmative action policy and does not discriminate on the basis of race, religion, nationality, sex or being handicapped in its admission or employment practices.

A student is eligible for admission to college courses if he has completed 16 regular college entrance units or their equivalent in an accredited high school. Certificates listing entrance credits must be sent directly from the principal of the school attended to the Registrar.

Students coming from other colleges may take advanced courses upon presentation of letters of qualification from their institutions. Those wishing to transfer to one of the institutions in the Atlanta University Center should apply for admission to the school in question before the opening of the summer session in order that their summer work may be approved by the school they wish to attend.

Admission to the graduate and professional schools is granted to graduates of colleges of approved standing who have done sufficient work in the field in which they wish to take the degree to meet the requirements of the department concerned. Specific requirements for the various graduate schools may be found in the regular Atlanta University Catalogue.

All applicants must complete an official application form and present a transcript of all work taken at the college level or above as well as show evidence of good character, desirable personality and high ability. Forms may be obtained from the Office of the Registrar.

The University reserves the right to require at any time the withdrawal of those students who do not maintain the required standards in scholarship, those who cannot remain in the University without danger to their own health or that of others, and those whose presence is found to lower the moral tone of the University.

REQUIREMENTS FOR DEGREES

Undergraduate students should consult the dean of the college from which they expect to receive the degree in order to determine the specific requirements.

The requirements for graduate degrees are the same as those for the general session and may be found in the Atlanta University Catalogue or the special announcements and catalogues of the various schools of the University.

Requirements for candidacy for the various degrees awarded by Atlanta University are stipulated in the regular University catalogue.

VETERANS

Atlanta University will do all it can to assist veterans of any branch of the armed forces to enter its graduate programs. Veterans are required to meet the

same standards as other students in matters relating to grades, class attendance, conduct, and graduation. The University will make whatever considerations are possible without lowering its standards and impairing the prestige of its degrees.

A POLICY STATEMENT ON THE CONFIDENTIALITY AND RELEASE OF INFORMATION ABOUT STUDENTS

Atlanta University, like other institutions of higher education, accumulates and maintains records concerning the characteristics, activities and accomplishments of its students. Because the University recognizes the student's right of privacy, a policy regarding the confidentiality of the information which becomes a part of the student's permanent records and governing the conditions of its disclosure has been formulated and adopted. This policy reflects a reasonable balance between the obligation of the University for the protection of the rights and privacy of the student and its responsibility to society.

A student has the right, upon request to the proper official, to know of the existence and content of all materials that are in his official records kept by the University and to inspect and review such records except personally signed confidential documents placed in the file before January 1, 1975.

The student shall have the opportunity for a hearing by appropriate officials to challenge the content of the student's official University records, to insure that the records are not inaccurate, misleading or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading or otherwise inappropriate data contained therein.

The information listed below is considered "public directory" information and may be released without permission from the student. A student does, however, have the right to direct that any or all of this information not be released without consent. Such request must be filed, in writing, with the Registrar's Office.

Such items include:

- a. whether or not the student is currently enrolled;
- b. the school or division in which the student is or was enrolled and his or her class or year;
- c. dates of enrollment;
- d. degree or degrees earned (if any), date of degree, major or area of concentration and honors received;
- e. local address and telephone number;
- f. home address

All other information is considered confidential and may be released only under specific conditions. A full copy of the University's policy may be obtained in the Registrar's Office.

COMMUNICATION SKILLS REQUIREMENTS

All students entering Atlanta University at the Master's degree level are required to take the Communication Skills Examination, Saturday, June 14, 1980 in Dean Sage Auditorium. Students who do not pass the examination must enroll in a Reading/Writing class this summer. Failure to comply with this requirement will result in students' inability to register for the Fall semester.

The Communication Skills Examination will be given in two parts: first, a standardized reading test will be administered; next, a standardized English test will be administered.

Students should register for the examination by filling out the form provided in their registration materials.

The testing schedule for June 14, 1980 appears below:

11:00 a.m.-1:00 p.m.

1:30-3:30 p.m.

Students withdrawing during the first two weeks of school will be refunded two-thirds of the tuition. No refunds after the first two weeks.

The same policy as that applicable to withdrawing from school will be applied to dropping a course if the total number of course hours is lowered thereby. Dropping one course and adding another simultaneously will be considered a change in schedule, providing the credit hours are the same. Additional credit hours will be charged at the usual rate.

STUDENTS WITHDRAWING FROM THE UNIVERSITY AFTER REGISTRATION WILL NOT BE REIMBURSED FOR ROOM COST. ROOM DEPOSITS ARE NOT REFUNDABLE.

HOUSING

Graduate students who wish to live on campus may reside in Bumstead Hall (Females) and Ware Hall (Males). (LOCAL UNDERGRADUATE STUDENTS should contact their Housing Department for rooms). The cost of a room is \$208.00 and is payable at registration. Each student is to furnish his/her own bed linen, towels, curtains (47" x 7').

Students requesting room reservations for the Summer Session should send a money order or cashier's check, made payable to Atlanta University, Summer School, to the Business Office, Atlanta University, Atlanta, GA. 30314. Upon receipt of the request and deposit of \$25.00, AND IF SPACE IS AVAILABLE, the applicant will receive an assignment from the Office of the Dean of Students. Should a student fail to enroll **and** an assignment has been made the fee is not refundable. STUDENTS WITHDRAWING FROM THE UNIVERSITY AND/OR DORMITORY AFTER REGISTRATION WILL **NOT** BE REIMBURSED FOR ROOM COST. ROOM DEPOSITS ARE NOT REFUNDABLE.

BOARD

The University does not maintain a cafeteria, however, students may receive meals at the other center schools and neighboring restaurants on a pay-as-you-eat basis.

Notice to Candidates for Fifth or Sixth Year Certificates

Students who are candidates for Fifth or Sixth Year Certificates from the Georgia State Department of Education must consult with the proper advisors in the School of Education in order to insure that the courses they take can be credited toward the completion of a planned program of studies leading to the Fifth or Sixth Year Certificates.

Students who hold Grants-In-Aid for In-Service Study from the State Department of Education for either Five-Year Study or Six-Year Study must consult with the proper advisors in the School of Education to insure that the grant will be used toward the completion of a planned approved Master's program or planned approved Six-Year Certificate Program.

COURSE LOAD

Normally, the maximum course load is 9 semester hours. Exceptions are rare and must be approved in writing by both the Advisor and the Dean of the concerned school.

THE GRADING SYSTEM

The grading system is set forth in the regular Atlanta University Catalog. Additionally, a grade of "D" may be used for undergraduate students.

CLASS ATTENDANCE

Requirements for class attendance are determined by schools, departments, and/or faculty members.

CANCELLATION OF COURSE OFFERINGS

Atlanta University reserves the right to cancel any course(s) because of unforeseen circumstances. Any changes prior to registration will be set forth in the supplementary announcement which will be distributed by or before the period of registration.

For most courses, class will meet eight weeks. The days and time blocks for most course offerings are listed on the pages that follow. Meeting stations and teachers will be available in the supplementary announcement.
