PREFATORY NOTE

By: William W Bennett
Librarian
Atlanta University

This is the fourth number of Graduate Theses of Atlanta University compiled by Mrs Gaynelle W Barksdale, Head of Readers' Services and Reference Librarian, Trevor Arnett Library, Atlanta University. Previous numbers have been published in 1944, 1948, and 1955. They listed all theses accepted for Master's degrees by Atlanta University during the period 1931-1953.

This issue of the series covers the period of 1954-1959 with entries arranged alphabetically by author under sixteen subjects. A supplementary list of theses accepted during 1960-1961 follows the main compilation. The year that the thesis was accepted is indicated at the end of each entry. Theses are numbered consecutively throughout the main compilation and an author index makes location easy.

Atlanta University continues to confer only the Master's degree for research done at the University. During the last thirty years some 2,778 Master's degrees have been awarded. A division among sixteen subject areas shows the following distribution of Master's degrees awarded from 1931 through August, 1961: Biology 119, Business Administration 86, Chemistry 69, Economics 48, Education 764, English 148, French 56, History 67, Home Economics 4, Latin 5, Library Service 214, Mathematics 137, Political Science 27, Social Science 3, Social Work 864, and Sociology 167. The School of Social Work and the School of Education have accounted for almost three-fifths of the Master's degrees awarded by Atlanta University. They have been responsible for 1,628 of the 2,778 degrees granted. It is significant, also, to note that of the 137 degrees awarded in Mathematics, 40 were awarded during 1960 and 1961.

This bibliography provides in permanent form the authors, titles, and dates of theses accepted by Atlanta University from 1954 to the 1961 Summer Convocation. Such a presentation may be useful to students who are planning research, to scholars who are preparing materials for publication, to teachers working in various areas and to other persons who may be interested in studies such as those listed herein.
Mrs Gaynelle W Barksdale, who has served as Reference Librarian of Atlanta University for twenty-six years, spent many tedious hours arranging, checking, and rearranging the entries for this bibliography. It may still contain errors if so, these are not left intentionally. Its final presentation at all is a very fine tribute to the ardent devotion, persistent energy, and loyal dedication of Mrs Barksdale.

Mrs Barksdale is thankful to the President of Atlanta University for providing funds for assistance in preparing the manuscript for the printers.

Preparations are being made now for an analytical presentation of Graduate Theses of Atlanta University, 1931-1964, during the Centennial Year, 1965.
