This compilation of theses written for Masters' degrees and Ph.D dissertations at Atlanta University covers the period 1970-72. It is Number 5, part 3 in the Library Publications series. There are 199 theses and 5 dissertations in 16 subject disciplines.

The list is arranged alphabetically by author and subject. The author's name is followed by the title of the thesis, the year in which the degree was conferred, and the number of pages in the monograph. An author index includes the entry number which follows the name of each author.

This report and the 1966-69 report issued earlier form publication number 6.

This listing also concludes the editorship of theses compilations by Gaynelle W. Barksdale. Mrs. Barksdale concluded 39 years of service in Trevor Arnett Library upon her retirement September 1, 1974. An intrepid reference librarian, Mrs. Barksdale has edited the series since its inception. The series stands as a monument to her interest in bibliographical control. It is hoped that a cumulative author, title, subject index to all of the theses and dissertations can be published in the near future.

A debt of gratitude is extended to Janis Gamble, Secretary to the University Librarian, for the final typing and revision of the compilation.
