- MAY 16 WEDNESDAY, 2:30 P. M., Commencement Exercises.
- MAY 16 WEDNESDAY, 8 P. M., President's Reception.

CHARTER OF CLARK UNIVERSITY

The petition of Gilbert Haven, Richard S. Rust, Mary J. Clark, Eliphalet Remington, Joseph H. Chadwick, Washington C. DePauw, Henry K. List, Eliza Chrisman, Robert T. Kent, Charles O. Fisher, John C. Kimball, Josiah Sherman, Theodore G. Eiswald, William H. Crogman, James Mitchell, Henry R. Parmenter, George Standing, James V. Martin, Seaborn C. Upshaw and E. Q. Fuller, shows that they are the Trustees of Clark University, in the city of Atlanta, in said county, and that they desire that they and their associates shall become a body corporate and politic, by the name of

"The Trustees of Clark University," ³⁶

and that they, and such persons as shall be duly elected members of said corporation, shall be and remain a body corporate by said name for twenty years, with the privilege of renewal at the end of that term.

The said corporation not being for profit, and no stock, dividends or other pecuniary gain accruing to the corporators, but being simply intended for the advancement of learning, and the accomplishment of good, they have no capital stock, and only such property as has accrued from the benefactions of the charitable and philanthropic; and for further acquisitions, and to effect the objects of incorporations, must look to the income from present possessions (which are valued at Forty Thousand Dollars, and consist of the buildings and grounds now occupied by said University, furniture and apparatus, land in Fulton County, and Atlanta City bonds), and to bequests and donations and prudent management.

That the location of said University and the place of business of said corporation is in said county.

That the object and business of said corporation are to establish and perpetuate a University, and thereby promote learning, afford suitable opportunities for the acquirement of knowledge, and to foster piety and virtue as essentials of proper education; and for the orderly conducting of the business of said corporation, petitioners desire:

1. That said corporation shall have power and authority from time to time, as occasion may require, to elect a President, Vice-president, Secretary and Treasurer, and such other officers as may be found necessary, and to declare the duties and tenures of their respective offices, with the power of removal, and the right to fill vacancies in the way and manner, for the causes, specified in the by-laws of the corporation; and also to elect new members of said corporation, provided the number of members shall never be less than ten nor greater than thirty, and at least ten shall be necessary to constitute a quorum when any change is made in the by-laws, a Trustee removed; or a vacancy in the Board filled.

2. That the said corporation shall have full power and authority to determine at which times and places their meetings shall be held, and the manner of notifying the Trustees to convene at such

meetings; to establish Boards of Instruction in all departments of science, literature and the arts, and to determine and regulate the course of instruction; to elect a President of said University, and such professors, tutors, instructors and other University officers as they shall judge for the interests thereof, and to determine the duties, salaries, emoluments, responsibilities and tenures of their respective offices, to confer degrees; and generally to make and ordain such rules, orders, regulations and by-laws as shall not be repugnant to the Constitution and the laws of Georgia or the United States; provided no degree shall be conferred but upon the recommendation of the appropriate faculty, and no instructor in said University, except in the Theological Department, shall ever be required by the Trustees to profess any particular religious opinions as a test of office, and no student, except in the Theological Department, shall be refused admission to or denied any of the privileges, honors or degrees of said University on account of the religious opinions which he may entertain.

3. That said corporation may have and use a common seal, which they may alter and renew at pleasure; and may sue and be sued, plead and be impleaded, by said corporate name.

4. That they, their associates and successors, as Trustees, under said corporate name, shall have the right and power to receive by donation, gift or will any property, real or personal, and to rent, lease, purchase and hold such real or personal property as may be necessary to effect and promote the objects of incorporation, and to dispose of the same at pleasure, being fully empowered to do all such acts as may be necessary for the legitimate forwarding and execution of the objects of incorporation; provided that the clear rents and profits of all property, real and personal, of which said corporation shall be seized and possessed shall be appropriated to the maintenance and endowment of said University in such a manner as shall most effectually promote virtue and piety, and learning in such of the languages and of the liberal and useful arts and sciences as shall be recommended from time to time by the said corporation, they conforming to the will of any donor or donors in the application of any charter which may be given, devised or bequeathed for any particular object connected with the University.

Petitioners further pray that this their application may be entered for record on the Minutes of Fulton Superior Court, that it be published in "The Methodist Advocate," of Atlanta, and that, after due record and publication, an order be passed granting the incorporation as desired.

CANDLER & THOMPSON,

Petitioners' Attorneys.

A true extract from the Minutes of Fulton Superior Court,
March 19, 1876.

JAMES D. COLLINS, C. S. C.

STATE OF GEORGIA,

FULTON COUNTY.

To the Superior Court

of said County:

CHARTER

7

The petition of John M. Walden, Wm. H. Crogman, R. S. Eggleston, Charles M. Melden, Seaborn C. Upshaw, W. H. Formosa, John P. Wragg, Wm. I. Haven, Willis M. Everett, Geo. Standing, John T. King, John W. Price, John Watts, Fannie Clark Davis, Aaron P. Melton, Geo. W. Arnold, William Deering, Matthew M. Alston, Henry W. Warren, John W. Hamilton, Jos. C. Hartzell, Daniel A. Goodsell, Richard S. Rust, Silas A. Peeler, Madison C. B. Mason, James Mitchell, and Wilbur P. Thirkield respectfully shows:

1. They are the duly constituted Trustees of Clark University of Atlanta, Ga.

2. That the "Trustees of Clark University" is an educational corporation and was duly incorporated by the Superior Court of Fulton County, on the 7th day of May, 1877, as will fully appear by reference to the records found in Minute Book "M," pages 545 and 622.

3. Your petitioners pray that the aforesaid corporation be revived for a term of twenty years and that they and their successors in office be clothed with all powers and possessed of all the rights and privileges conferred by said charter upon said original corporation and be subject to all the debts, liabilities and burdens of the old corporation which shall be hereby revived.

WILLIS M. EVERETT,

Filed in office June 26, 1900.

Atty. for Petitioners.

G. H. TANNER, Clerk.

Upon hearing the foregoing petition and it appearing that said petition has been published as required by law, it is ordered and adjudged by the Court that said corporation be and the same is hereby revived for a term of twenty years, unless sooner revoked by law, and that the said

"Trustees of Clark University"

be clothed with all the powers and possessed of all the rights and privileges conferred heretofore by this Court upon said original corporation and that it be subject to all the debts, liabilities and burdens of the old corporation which is hereby revived in it. Judgment signed this 6th day of September, 1900.

J. H. LUMPKIN, Judge S. C. F. C.

STATE OF GEORGIA,

COUNTY OF FULTON.

I, G. H. Tanner, Clerk of the Superior Court of said County, do hereby certify that the foregoing is a true copy from the files and records of said court, of the Petition to Revive the Charter of

"Trustees of Clark University,"

and the order of said Court granting said petition.

Said Charter and order have been recorded in Charter Book 3, page 675, of Fulton County Records.

Witness my hand and seal of said Court, this the 7th day of September, 1900.

G. H. TANNER,

Clerk Superior Court,
Fulton County, Ga.

GENERAL INFORMATION

Clark University is a Christian School, founded in the year 1870 by the Freedman's Aid and Southern Education Society of the Methodist Episcopal Church. It is open to students of all classes, regardless of sex or color, the sole conditions of admission being a desire to learn, good moral character, and obedience to lawfully constituted authority.

LOCATION

The buildings and grounds are located just south of the corporation line of the city of Atlanta, Ga. The campus is sufficiently elevated to overlook the city, and has perfect drainage on all sides. It is beautifully shaded with oaks and pines which, with its elevation—1,200 feet above the sea level—make it a delightful retreat even in midsummer. It would be difficult to find a more healthful location in the United States.

ACCESSIBILITY

The South Pryor, South Atlanta and Federal Prison electric line passes the campus gate, affording frequent communication with the center of the city. Atlanta is the great railroad center of the South, and is readily accessible from all points. The city contains about one hundred thousand inhabitants, and enjoys all the conveniences of modern city life, making it an admirable location for a large school.

BUILDINGS

Chrisman Hall, named in honor of Mrs. Eliza Chrisman, a large, commodious brick building, heated by steam, and well adapted to school work, is the main edifice. The two lower stories are devoted to recitation rooms, study rooms and offices; the upper, to professors' rooms, young men's dormitory, library, reading room and laboratory.

The chapel occupies the third floor of the south wing, and will accomodate an audience of six hundred. The dormitory accomodates one hundred students.

Warren Hall, a four story brick building, named in honor of Bishop Warren, contains the boarding department and young women's dormitory. The dining hall is large enough to seat comfortably three hundred students; the dormitory accomodates ninety. The building is well equipped with kitchen, laundry, store-room, cold storage, etc.

Thayer Home, named in honor of Dr. Thayer, is furnished with all improvements of a modern model home. It accomodates about thirty young women, who are taught cooking and house-keeping as practiced in a well-ordered household.

Ballard Hall is a brick structure, the gift of Stephen Ballard, of Brooklyn, N. Y. The first floor is occupied by the Industrial Department. Large, well equipped Chemical and Biological laboratories, and lecture-room occupy the second floor.

The Ironworking Department occupies a one-story brick building.

There are also on the grounds a modern barn and other out buildings for the use of the Agricultural Department.

In addition to these buildings are five cottages used as teachers residences.

TERMS OF ADMISSION

Students under six years of age will not be enrolled.

Boarding students under fourteen years of age will not be admitted.

Students are admitted and classified by examination, or by certificates from schools approved by the faculty.

Every student may choose the course he wishes to pursue, but when chosen, he cannot change it without the consent of the faculty.

Special students may select such courses as, in the judgment of the faculty, they are capable of pursuing profitably, but no change will be made in the schedule of recitations to accomodate them.

Pupils coming from other schools must present a certificate of honorable dismissal.

GOVERNMENT

No pupil will be assigned to a room, or admitted to a class until he presents a ticket showing that he has settled with the registrar.

The act of registration pledges all pupils to obey the regulations of the school until formally released therefrom. In addition to the observance of specific regulations, all students are expected to work. Immorality, the use of alcohol and tobacco will not be tolerated.

The discipline of this school is designed to encourage self-government. Privileges are granted in proportion as students show ability to enjoy without abusing them. No boarding students are permitted to loaf in or about the post office or stores of South Atlanta.

PRIVILEGES

Resident male students, sixteen (16) years or more of age, who have been members of the school for at least one month, and who, during the time, have proved themselves studious and law-abiding, shall be regarded as privileged students. These are permitted to be absent from the grounds between the hours of *4 p.m. and 5:30 p.m. on school days, and between 2 p. m. and 5:30 p. m. on Saturdays.

No other resident student is allowed to leave the campus without permission.

Young women are not permitted to leave the grounds at any time without a chaperone.

RELIGIOUS SERVICES

Clark University is a regular appointment in the Atlanta Conference, under the pastoral supervision of the presiding elder. The professors of Gammon Theological Seminary assist in supplying the pulpit.

Revival services are held every year, and an earnest effort is made to secure the conversion of all students. The spiritual wants of the students are carefully provided for. In the classroom and elsewhere, they are taught that education without

*Juniors and Seniors at any time which will not conflict with their Studies.

*Juniors and Seniors at any time which will not conflict with their Studies.

religion only increases responsibility without giving corresponding ability to meet it.

EPWORTH LEAGUE AND Y. M. C. A.

The students have a regularly organized Epworth League, and Young Men's Christian Association which furnish excellent training for religious work. The meetings are interesting and helpful to all who participate in them.

BOARDING HALL

All students from a distance are required to board and room on the campus unless specially excused by the faculty.

No students will be permitted to board off the grounds excepting in places that have been approved by the faculty.

Parents should not make other arrangements without consulting the faculty. The institution assumes no responsibility for students who are boarding off the grounds.

All bills are due in advance, and should be paid by the first of the month. Students whose bills are not settled by the fifteenth may be excluded from the school.

EXPENSES

Board, per month of four weeks,	\$7.00
Room, fuel, and light, per month of four weeks ..	1.50
Washing, per month of four weeks,	1.00
Incidental fee, per month of four weeks—	
Grade school	1.00
All others	1.50
Laboratory fees, per term—	
Biology I and Agriculture I50
Chemistry.	1.50
All others	1.00
Library fee25
Late registration fee	1.00
Special examination fee50
Instrumental or Vocal Music—	
Twenty lessons	5 00

Use of piano one hour per day, per term50
Musical Library Fee per term25
Manual Training fee	\$1.00
Fees for diplomas and certificates—	
For college and post-graduate degrees	5.00
For higher normal diploma	3.00
For normal, musical, or industrial certificate	2.00

SELF-HELP

Every boarding student is expected to do one hour's work each day for the institution. For work done over this time, wages will be paid at the rate of from 5 to 7 1-2 cents per hour.

Hitherto we have been able to furnish students who desire it, work to the amount of two to three dollars per month, but as the work is limited we can not guarantee a definite sum in advance.

ADVICE

On arriving in Atlanta, take any east bound car at the railroad station and ask for a transfer to the Federal Prison or Clark University Car and get off at the Campus gate, in full view of the University buildings. Bring your check with you and present it to the clerk, who will have your trunk transferred for twenty-five cents. Pay no attention to hackmen; many will overcharge you.

Plan to arrive in the city in daylight, as it is inconvenient and expensive to reach the University at night. The cars cease running at 12 p. m.

When parents send daughters without an escort, if they will notify the President of the time of their arrival, some one will be in waiting at the station to receive and conduct them to the University.

Students should deposit their money in the University safe and draw it as occasion requires, in order to assure economy and safety.

Parents are requested to send money directly to the President, who will credit it as directed, and send a receipt by return mail. Remittance direct to the President will guard against extravagance. Instructions from the parents as to the amount

to be allowed for personal expenditures will be strictly followed.

Students should be provided with umbrellas, overshoes, and waterproof garments as recitations are conducted without regard to weather.

EVERY STUDENT MUST PROVIDE HIMSELF WITH SHEETS AND PILLOW CASES, AND A STOUT BAG IN WHICH TO CARRY HIS CLOTHING TO AND FROM THE LAUNDRY. CLOTHING MUST BE PLAINLY MARKED, IN INDELIBLE INK, WITH THE OWNER'S NAME.

Without text books it is impossible to accomplish satisfactory work. We cannot expose both student and teacher to such a serious disadvantage, and, therefore, shall exclude from the classroom all students who are not provided with the necessary books.

Students must pay for books when taken from the office. No books will be charged.

LIBRARY—L. TAYLOR, LIBRARIAN.

There are about a thousand volumes in the Library. Will not some benevolent friends endow this Library, so that, each year, it may be replenished with valuable works as they are issued from the press?

READING-ROOMS

The students have access to two reading-rooms: one in Warren Hall for the women, and one in Chrisman Hall for the gentlemen. These rooms will be supplied with the leading magazines of the English-speaking people.

LITERARY SOCIETIES

The Crummel Literary Society, which meets on the second and fourth Friday evenings of each month and several other societies furnish ample opportunities for the cultivation of extemporaneous speaking and parliamentary experience.

ADJUNCT SCHOOLS

Principals of high schools, grammar, and district schools, will be furnished with catalogues containing our course of study. We invite correspondence with a view of making their course

and ours articulate as closely as possible, so that students may enter the University at any time without suffering the disadvantages arising from widely diverging courses of study.

Most of our patronage must come from public schools, but we are especially anxious to cultivate friendly relations with Cookman Institute and Boylan Home, Jacksonville, Fla.; Huntsville (Ala.) Normal School; Lagrange Academy, the Haven Academy, Waynesboro, Ga., and the Haven Home, Savannah, Ga. We invite correspondence from the principals of these schools with regard to pupils who may desire to enter advanced classes. Address the president of Clark University, South Atlanta, Ga.

SCHOLARSHIPS AND FELLOWSHIPS

A limited number of scholarships and fellowships will be granted each year: for particulars write the secretary.

UNIFORM FOR THE YOUNG WOMEN.

The Faculty of Clark University have adopted a costume for the young women boarding on the campus, to be worn at the public exercises of the school, including Sunday services, and whenever students go off the campus.

These costumes will be provided at the school. Arrangements have been made with one of the leading firms of the city, to furnish them at first cost. The suits will be made of heavy blue chevoit and will cost from \$10 to \$12.

The dressmaking department will duplicate the same costume in a cheaper material for students who wish a less expensive suit. Hats will also be provided at the school.

DEPARTMENT OF INSTRUCTION

The University comprises five departments: The College, the Preparatory School, the Normal School, the Grade School, and the School of Manual Training and Domestic Economy.

INFORMATION RELATING TO ENTRANCE

The privileges of all departments of the University are extended to men and women alike.

Examinations for admission are held in the spring and at the opening of each term; see announcements.

Students entering on other than regular registration days are required to pay a fee of one dollar.

All applicants for admission to the first year of the Preparatory or Normal Schools must either pass a satisfactory examination in the subjects covered by the work of the Grade School of this institution, or present a certificate showing that they have completed an equivalent course in some other school of equal rank.

Candidates for admission to the Freshman class of the College must pass an examination in the subjects composing the corresponding Preparatory Course, or present certificates showing that they have completed, satisfactorily, a similar course in some other reputable institution.

All candidates for the B. Ped. degree must spend their Freshman and Senior years in residence, and this residence must begin before the middle of October of their Freshman year.

All Senior College students are required to be in school by the middle of the October of their Senior year.

· ADMISSION OF SPECIAL STUDENTS

Persons desiring to take subjects higher than those taught in the Grade School are, as a rule, expected to pursue some one of the regular courses. Under exceptional circumstances, persons of serious purpose, who are not candidates for a degree, may be admitted as special students and allowed to pursue such courses as their previous training has fitted them to study profitably. Such students must pay the same fees as regular students.

· SPECIAL MUSIC STUDENTS

Special students in music will be enrolled on condition that they devote at least four hours per day to music, and that they take at least one other subject prescribed by the head of the department of music.

· ADMISSION TO ADVANCED STANDING

Candidates for advanced standing are not admitted later than October of the year in which they expect to graduate.

All Students from other educational institutions must present evidence of honorable dismissal, and give satisfactory proof of preparation for the course that they desire to enter. The amount of credit to be obtained from another institution is determined by a committee of the faculty. No advanced credit will be given without examination, except for work done in an approved school.

No student will be recommended for a Bachelor's degree until credit has been obtained for at least one full year of work in residence at this institution.

ADMISSION ON PROBATION

Any applicant deficient in not more than one of the subjects required for the rank to which he seeks admission, may be admitted conditionally by the faculty. All such conditions must be removed before the student will be permitted to begin the work of the next year.

It should be clearly understood that students admitted on probation, and students admitted on certificate from other schools are subject to the following regulation:

If the work of the student, in his first term, shall prove unsatisfactory, he may be reclassified and required to review the work.

COURSES OF STUDY—DEGREES

The college offers the following courses: the Classical, the Scientific, the Agricultural* and the Higher Normal. Graduates from the Classical course receive the A. B. degree; graduates from the Scientific and Agricultural courses, the B. S. degree, and graduates from the Higher Normal, the B. Ped. degree.

Candidates for the A. B. or B. S. degree must have earned 14 college credits.

Candidates for the B. Ped. degree must have earned 7 college credits.

Students who have received the B. Ped. degree, may, by completing two additional years of college work, receive the A. B. or B. S. degree, provided they earn 14 college credits.

*Owing to lack of funds, this course is discontinued until further notice.

The degree of A. M. will be conferred on the completion of a post-graduate course of study prescribed by the Faculty.

All graduates desiring to take such a course are requested to correspond with the President.

CHOICE AND AMOUNT OF WORK

No pupil above the grades is allowed to take more than 19, nor less than 15 hours per week without special permission. Each student is expected to enroll in some one of the courses and to pursue the course as prescribed.

CLASSIFICATION AND PROMOTION OF PREPARATORY, NORMAL AND COLLEGE STUDENTS

After matriculation each student is registered as a member of that class which he is prepared to enter. Formal promotion to a higher class follows only after the successful completion, in the order approved by the faculty, of all studies required for the year first entered.

Examinations occur at the end of each term. The teacher keeps a record of the student during the term.

A student whose term standing in any subject is 85 or more will be exempt from examination in that subject.

Twice the term standing of any pupil added to his examination average and divided by three, gives his final average for that term.

A student whose final average for the year in any subject is less than 65 and not less than 50, and whose examination average in that subject is not less than 50, will be marked conditioned, and that condition may be removed by a supplementary examination.

A student whose final average for the year in any subject is less than 55, or whose examination average is less than 50 is marked failed, and is required to repeat the work in class.

CONDITIONS

A student who is absent from one-third of the class exercises in any subject will be conditioned in that subject, and will be required to take such study with the class of the following

year, unless excused by the professor in charge.

No student who fails to remove all conditions incurred in his course before the first day of April, or who incurs a condition during the spring term of his senior year, will be permitted to graduate.

See classification and promotion.

CREDITS

Five hours of recitations per week throughout the year give one credit. In some cases four hours of recitations per week for one year give one credit. Two hours of laboratory work are considered equivalent to one recitation hour.

CHRISTIAN HALL, CLARK UNIVERSITY.

LECTURE ROOM OF THE BIOLOGICAL DEPARTMENT

SYNOPSIS OF COURSES OF STUDY

Agriculture—Prof. Turner

I. INTRODUCTORY WORK IN AGRICULTURE

The purpose of this course is to so teach the elements of intensive agriculture as to fit the pupils to teach agriculture in the rural and grade schools.

Lectures 2 hrs. Laboratory 2 hrs. Three-fifths credit.

II. INTRODUCTORY WORK IN THE USE OF FARM TOOLS

This will include practical training in the use of the modern hand and horse farm tools and instruction in elementary farm surveying.

III. AGRICULTURAL ZOOLOGY

A theoretical and practical study of the feeding, breeding and management of stock.

Lecture 1 hr. Laboratory 8 hrs. 1 credit.

FALL TERM

A. The cow. (For college students this will include dairy bacteriology.)

WINTER TERM

B. The horse, hog, and sheep.

SPRING TERM

C. Poultry.

IV. AGRICULTURAL BOTANY

A theoretical and practical study of the feeding, breeding, and management of agricultural plants.

Lectures, 1 hour. Practical work, *8 hours. 1 credit.

A. Field crops.

B. Orchard crops. (This will include pruning, grafting and spraying.)

C. Market garden crops. This course includes the management of hot-beds, cold-frames, and a practical application of the most approved methods of intensive market-gardening.

V. EXPERIMENTAL AGRICULTURE

A small track of land will be used as an experimental farm, on which will be investigated agricultural problems of value to the South.

VI. RESEARCH IN AGRICULTURE

Problems of limited extent will be investigated under the supervision of the head of the department. 8 hrs. 1 credit.

Astronomy—Prof. Taylor

ELEMENTARY ASTRONOMY

1 hr. One-fifth credit.

Bible—Dr. Arnold

I. A COMPARATIVE STUDY OF THE BIBLE

This course is required of all preparatory students, and of the I., II., III., Normal classes. The work is so arranged that, although each year's work is independent, yet it requires three years to complete the course. 1 hr. One-fifth credit.

II. HISTORICAL AND CRITICAL STUDY OF THE BIBLE

FALL TERM

Books, Dates, Authorship, Subject Matter, Object, Style, Criticism and Exegesis. 5 hrs. One-third credit.

*Two hours of work in the laboratory or field give a credit of one hour.

Biology—Prof. Turner

As far as possible, the facts given in lectures and dictations are verified by original observation of living plants and animals in the laboratory and field. Dissections and microscopic work are accompanied by careful drawings and notes embodying the student's interpretation of the structure and function of each type studied.

I. ELEMENTARY ZOOLOGY**FALL TERM**

A study of the external structure, habits and classification of animals.

Lectures and Recitation, 2 hours. Laboratory and Field.
4 hrs. 1 credit.

A. Insecta, Arachnida, Centipedia, Millipedia, Crustacea.

WINTER TERM

B. Vermes, Mollusca, Echinodermata, Protozoa.

SPRING TERM

C. Vertebrata and human physiology.

II. COMPARATIVE BOTANY

A comparative study of the structure, habits, distribution and classification of plants, and of the nature and composition of soils and plant foods.

Lectures, 2 hours. Laboratory and Field Work, *6 hours.
1 credit.

III. COMPARATIVE ANATOMY OF THE INVERTEBRATES

A comparative study of the salient facts of general biology as illustrated by the invertebrates. Emphasis is placed on morphology, physiology and psychology.

Lectures, 2 hours. Laboratory and Field Work, *6 hours.

IV. EMBRYOLOGY AND COMPARATIVE ANATOMY OF THE VERTEBRATES.

The purpose of this course is to acquaint the students with the elements of animal embryology and of vertebrate anatomy

and histology. A thorough study is made of the morphology of typical vertebrates and of the elements of histological technique.

The chicken and the frog will form the basis of the laboratory work in embryology.

Lectures, 1 hour. Laboratory *8 hours. 1 credit.

V. PRACTICAL ENTOMOLOGY; AN INTRODUCTION TO BIOLOGICAL RESEARCH

This course is planned to give special training in the methods employed by working entomologists. Especial attention will be given to insects of the South.

Lectures, 1 hour. Laboratory, *10 hours. 1 credit.

VI. BIOLOGICAL RESEARCH

This work will be arranged to suit the individual needs and desires of the pupil. The completion of the course involves the consultation of the literature bearing upon the subject, and the preparation of a thesis embodying the results of the investigation. This course is for graduates studying for the master's degree.

Laboratory, 20 hours. 2 credits.

BIOLOGICAL CLUB

Instructors and advanced students will report and discuss important articles in biological literature. Any one who is taking college work in Biology or Agriculture may become a member of this club.

BIOLOGICAL LABORATORY

Three rooms on the second floor of Ballard Hall are used as a Biological Laboratory. This laboratory is equipped with desks, individual lockers, compound and simple microscopes, microtomes, paraffin bath, injecting apparatus, staining fluids, aquaria, vivaria, formicaria, a stock room, and a dark room.

Chemistry—Prof. Turner and Mr. Turner.**I. INORGANIC CHEMISTRY**

Lectures 2 hours. Laboratory work 6 hours. 1 credit.

FALL TERM

- A. Lectures on Inorganic Chemistry.
Laboratory work upon the non-mentals.

WINTER TERM

- B. Lectures on Inorganic Chemistry.
Laboratory work upon the metals and acid-radicals
and their separations.

SPRING TERM

- C. Lectures on Inorganic Chemistry.
Qualitative Analysis.

II. AGRICULTURAL CHEMISTRY

Lectures 1 hr. Laboratory work 4 hrs. Three-fifths credit.

FALL TERM

- A. Chemistry of the elements and compounds which are
of most importance to agriculture.

WINTER TERM

- B. Chemistry of human and animal foods.

SPRING TERM

- C. Chemistry of soils and fertilizers.

CHEMICAL LABORATORY

The Chemical Laboratory occupies a large, well-equipped room on the second floor of Ballard Hall. A modern science lecture-room, a dark-room and a store-room adjoin this laboratory.

Cooking

(See Department of Domestic Economy.)

Domestic Science

(See Department of Domestic Economy.)

Drawing—Prof. Keith.

I. Form study and principles in the representation of form. Conventionalism applied in border and pattern drawing. A brief study of historic ornament and elementary color work. 2 hrs. Two-fifths credit.

II. MECHANICAL DRAWING

Geometrical problems, working drawings, developments, shadow-lines, inkings, projections, sections, inter-sections, plans, elevations. 2 hrs. Two-fifths credit.

For other courses in Mechanical Drawing See Manual Training III B, IV B, V B.

DRAWING FOR THE GRADES

FOURTH GRADE—Begin with a study of lines, horizontal, vertical, oblique, and parallel, be able to distinguish and use. Introduce some measuring and spacing. Combine lines in representation of familiar objects. Freehand work applying same work.

FIFTH GRADE—Continue the work begun in the fourth grade, using more complex forms and introducing curved lines with the necessary definitions involved.

Grouping objects based upon the use of these lines and made by combining them. This should be practiced both with instruments and freehand.

SIXTH GRADE—Angles taught, and used in connection with construction work.

Triangles drawn and the other more complex polygons constructed.

Freehand drawing of objects based upon the polygons and some object drawing.

SEVENTH AND EIGHTH GRADES—Projection taught leading up to working drawings of familiar objects. Patterns of the same objects made. Card board constructed of the objects

drawn and of the type solids.

This work of these two grades is intended to develop accuracy in measurement, drawing and cutting. It must also develop neatness in the end.

Some of the fundamental principles of perspective will be taught near the close of the Eighth Grade.

Dressmaking

(See Department of Domestic Science)

Electricity

(See Physics II)

English—Prof. Overton and Prof. Sweet.

I. ELEMENTARY RHETORIC

3 hours. Three-fifths credit.

Figures of Speech: Diction: Theme Writing.

II. ENGLISH LITERATURE

3 hrs. Three-fifths credit.

FALL TERM

A. Lowell's "Vision of Sir Launfal" and "Harvard Ode."

WINTER TERM

B. Scott's "Ivanhoe."

SPRING TERM

C. "Merchant of Venice."

Quotations, figures, essays.

III. ENGLISH LITERATURE (CONTINUED)

3 hrs. Three-fifths credit.

FALL TERM

A. "Julius Ceasar," "Vicar of Wakefield."

WINTER TERM

- B. "Milton's Minor Poems," "Silas Marner."

SPRING TERM

- C. Macauley's "Essay on Milton." "Burke's Speech on Conciliation."

Close textual study, lives of authors; character sketches.

IV. ADVANCED RHETORIC AND LITERATURE

2 hrs. Two-fifths credit.

FALL AND WINTER TERM

- A. Higher Rhetoric. A course in theoretical and practical English composition. Mead's "Practical Composition and Rhetoric" is used for the theory; and practice is obtained by writing two themes a week.

SPRING TERM

- B. "Macbeth"

V. ADVANCED COURSE IN ENGLISH

2 hrs. Two fifths credit.

FALL TERM

- A. Carlyle's "Essay on Burns," with the "Cotter's Saturday Night" and "Songs" of Burns.

WINTER TERM

- B. Wordsworth's Shorter poems.

SPRING TERM

- C. Scott's "Lady of the Lake."

French

- I. Chardenal's Grammar; "Madame Therese," Erekmann-Chartrain: "Jeanne d'Arc," Lamartine. "La Cure de Tours," Balzac. 3 hrs. Three-fifths credit.

- II. Translation and sight-reading. Texts: "Scenes de la Revolution Francaise," Larmartine; "Le Siege de Paris." Sarcey; Columba," Merimee "La Tulipe Noire," Dumas; "Le Pecheur d'Islande." Loti; "Hernani," Hugo.

5 hrs. 1 credit.

Geology

I. ELEMENTARY GEOLOGY.

Recitations and Field Work in Elementary Geology and
Palaeontology. 2 hrs. Two-fifths credit.

German

- I. Harris' "German Lessons"; Super's "Elementary German Reader." 4 hrs. 1 credit.
 - II. Storm's "Immensee," or Hauff's "Das Kalte Herz," or an equivalent; Thomas' Practical German Grammar. Schiller's "William Tell," or "Jungfrau von Orleans." 4 hrs. 1 credit.
 - III. "Hermann and Dorothea," Goethe; "Easy classics for rapid reading." 3 hrs. Three-fifths credit.
 - IV. Gore's Scientific German. 3 hrs. Three-fifths credit.
-

Greek—Pres. Crogman and Prof. Crogman.

- I. Grammar and Reader. 4 hrs. 1 credit.
- II. Greek Literature. 4 hrs. 1 credit.

FALL AND WINTER TERMS

- A. Xenophon. Anabasis.

SPRING TERM

- B. Homer. Illiad or Odyssey.
- III. Greek Literature (continued) 5 hrs. 1 credit.
 - A. Herodotus. { Invasion of Greece by Darius.
Battle by Marathon.
Invasion of Xerxes.
March to Europe.
Battle of Thermopylae.
 - B. Plato. Selections from Apology and Phaedo.

SPRING TERM

- C. Xenophon. Memorabilia of Socrates.
- IV. Greek Literature (continued) 4 hrs. 1 credit.

CATALOGUE EDITION

FALL AND WINTER TERMS

A. Demosthenese.

SPRING TERM

B. Tragedy. Aeschylus. Prometheus Bound.

History—Prof. Overton

I. GENERAL HISTORY

- A. Greek and Roman History.
- B. Mediaeval History.
- C. Modern History.

4 hrs. 1 credit.

II. CIVIL GOVERNMENT

Brief Governmental History of the United States: Political Divisions: State, Territory, County, City, Township, School District: Federal, State and Town Government, Duties of each: Duties of Citizens: Constitution of the United States: Constitution of Georgia.

1 hr. One-fifth credit.

III. POLITICAL ECONOMY

Production; Exchange; Transportation and Division of Proceeds; Supply and Demand; Monopolies; Trusts; Corners; Strikes; Financial Crises; Tariff Legislation; Capital and Labor.

5 hrs. One-third credit.

SPRING TERM

IV. SOCIOLOGY AND MODERN HISTORY.

2 hrs. Two-fifths credit.

Iron-Working—Mr. Simon

(See Manual Training.)

Latin—Profs. Crogman and Miss Overton

- I. Grammar and Reader 4 hrs. 1 credit.
II. Latin Literature 4 hrs. 1 credit.

FALL AND WINTER TERMS

- II A. Caesar or equivalent.

SPRING TERM

- B. Cicero's Orations.

- III. LATIN LITERATURE (CONTINUED.)
4 hrs. 1 credit.

FALL TERM

- A. Cicero's Orations. Completed.

WINTER AND SPRING TERMS

- B. Virgil's Aeneid.

- IV. LATIN LITERATURE (CONTINUED.)
5 hrs. 1 credit.

FALL TERM

- A. Livy. Book XXI.

WINTER AND SPRING TERMS

- B. Horace, Odes: De Senectute.

- V. LATIN LITERATURE (CONTINUED)
5 hrs. 1 credit.

FALL AND WINTER TERMS

- A. Tacitus. Germania and Agricola.

SPRING TERM

- B. Pliny's Letters.

Manual Training—Prof. Keith and Mr. Simon.

I. ELEMENTARY SLOYD

The sloyd system of knife work will be taught. The aim of the work in this course is to develop accuracy in laying off

work and in cutting out of same. This training also forms a scientific basis for cabinet and fine carpenter work.

In all sloyd construction thin wood will be used and different varieties introduced as the work advances. The natural characteristics of each wood used will be considered in connection with the construction work.

Required of all Sixth Grade Boys.

II. ELEMENTARY IRON WORKING

Use and care of forge, kindling and management of fires, names of tools and their use, upsetting, bending, punching, welding, drawing out work and making simple articles, such as hasps, links, rings, etc.

Required of all Seventh Grade Boys.

III A. WOOD-WORKING

Marking, sawing, planing, squaring, boring, chiseling and nailing. Application of these in making of joints and close fitting frames, boxes, surfaces, etc.

2 hrs. Two-fifths credit.

III B. MECHANICAL DRAWING.

1 hr. One-fifth credit.

IV A. IRON-WORKING

Forging articles from drawings, simple repairs on wagons, plows, etc. Upsetting tools, principles of welding and bending iron, etc. General repair work.

2 hrs. Two-fifths credit.

V B. MECHANICAL DRAWING

Same as in first and second years, and including finished drawings in ink of all pieces made in wood or steel.

1 hr. One-fifth credit.

V C. STEEL-WORKING

Principles of flux, sand, borax, etc. Tempering small tools, colors of tempering, filing, brazing, polishing. Shop management.

2 hrs. Two-fifths credit.

Manual Training for Girls

(See Department of Domestic Economy.)

Mathematics—Prof. Taylor.

I. Elements of Algebra.	5 hrs.	1 credit.
II. Plane Geometry.	5 hrs.	1 credit.
III. Advanced Algebra.	5 hrs.	1 credit.
IV. Solid Geometry and Plane Trigonometry.	3 hrs.	Three-fifths credit.

Music—Prof. Work

PIANO MUSIC

It is the purpose of this course to prepare the student for practical work as soloists, teachers or accompanists. The course is designed to cover a period of six years. And one completing this should be able to secure a diploma from a good conservatory in one or one and a half years.

Pupils entering this department are classified with reference to the amount of musical work they can do, not with reference to what they have had.

Pupils above the Third Grade are required to attend the class in Harmony twice a week. Qualification in this branch of music is necessary in order to receive a certificate from the department.

An exhibition of the department will be given during each school year, and all pupils, who are capable of doing so, are required to participate.

Many opportunities are afforded advanced pupils for playing on public occasions in the school chapel.

The pianos in the school buildings are under control of the Musical Department and must be used only by the pupils of the department.

Pupils pay fifty cents per term for one hour daily practice on the instruments, but may arrange to practice a longer period by paying fifty cents per term for each additional hour he may practice daily.

Tuition in this department: Twenty lessons for five dollars. Each pupil is required to pay a musical library fee of twenty-five cents per year.

Each pupil receives two lessons a week.

I. FIRST GRADE

National Graded Course—Book I. or Sartorio Method I. The Major scales (one octave). Six Duetts, Sartorio Op. 274. Twelve Pieces (four hands) Reinecke Op. 54. Little pieces from Krogmann, Lichner, Sachs, Beyer, Straebog, Gurlitt and others.

II. SECOND GRADE

National Graded Course—Book II. or Sartorio Method II. Major and Minor Scales (two octaves). Gurlitt 50 and 199 Op. Brauer's 12 Etudes Op. 15. Selected Studies—Rentling I. Lynne's Op. 26. Sonatinas, Clementi. Solos and Duetts from Classic and Modern Composers.

III. THIRD GRADE

National Graded Course—Book III. or Sartorio Method. Major and Minor Scales in All Keys. Czerney's Op. 453. Biehl's Studies for Left Hand Op. 153. Biehl's Op. 79. Three Sonatinas Op. 47. Reinecke, Sonatinas from Kuhlman. Solos and Duetts from Classic and Modern Composers.

IV. FOURTH GRADE

National Graded Course Book IV. or Sartorio Method Book IV. Czerney's Velocity Studies Heller's Op. 45 and 46. Czerney's Studies for the Left Hand (Op. 718). Selected Octave Studies, Presser. Kraus' Trill Studies. Sonatas from Haydn and Mozart. Symphonies from Haydn, Mozart. Selections from Modern Composers.

V. FIFTH GRADE

National Grade Course, Book V. Bach's Preludes and inventions, also selections from English Suite. Beren's Velocity School Op. 61. School of Embellishment, Liebert and Stork.

Splinder's Technical Studies Op. 141. One Beethoven Sonata, Three Mendelssohn Songs, Two Chopin Waltzes, Two Chopin Noctournes. Harmony and Musical History.

VI. SIXTH GRADE

Czerney's Op. 740. W. G. Smith's Five-Minute Studies (Op. 63). Couppey's 15 Etudes Op. 25. Seven Octave Studies Kullak. Kohler's School for the Left Hand. One Beethoven Sonata. Concertos (2) Selected. Bach Selections from modern composers. Harmony and Musical History.

VOCAL MUSIC

Vocal music is taught in all grades from the Primary through the College Preparatory and Normal Courses. Owing to the increasing demand for teachers qualified in this branch, vocal music has been placed upon equal footing with other studies in the curriculum and all students are required to give satisfaction in this study before graduation from any department. The Music in the grades consists of that covered by the series of music readers in the Educational Course by Ginn & Co.

COURSES OF INSTRUCTION

I. First Year, Normal and Preparatory—Elementary work in notation. Drill in intervals, time exercises, etc. Four part singing.

II. Second Year Normal and Preparatory—Review of the first year's work. The study of hymns, anthems, part and songs. Analysis of minor scale. Written Work.

III. Third Year, Normal and Preparatory—Review of the second year's work. Difficult *solfeggi*. Written work. The study of oratorio choruses, cantatas, etc.

IV. Fourth Year. This year is devoted to the study of methods and the student must do actual work of teaching music in the grades.

A choral union of probably forty or more voices will meet for rehearsals twice a week. This union will furnish the singing for public worship, and each year will render one of the important oratorios or cantatas.

Pedagogy—Prof. Rowell

I. EDUCATIONAL PSYCHOLOGY

A study of the Nervous System, the Senses and their cultivation and the development of the expressive in connection with the receptive faculties; Memory and the Laws of Association, Imagination, Thinking, Emotion, Feeling and Willing. Attention, Interest and Desire are studied in connection with other powers of mind. During the Spring Term Psychology is reviewed and Psychological Laws of the various activities of the mind are stated by the student and he then forms Pedagogical Rules to supplement these laws. 3 hrs. Three-fifths credit.

II. METHODS

A study of General Method with application to the teaching of common branches.

Constant reference is made to Pedagogy I, so that the Psychological foundation is fully brought out. Much emphasis is placed upon the importance of real observation of things themselves and the complete expression of the ideas gained. It is shown that ideas may be expressed in the general bearing of the body, dress and surroundings, actions, drawings, models, plans and manufactures and by means of oral and written statements and in composition.

Model lessons are given by the instructor, students taking notes, after which is a class review and full discussion is entertained. Students are selected to teach lessons before the class to be criticised by class and instructor. Our large Grade Department offers splendid opportunities for observation and practice in Methods of Instruction.

4 hrs. 1 credit.

III. PRACTICE TEACHING AND CRITICISM

Seniors and Fourth Year Students teach a subject in the Grades one hour each day during the year. They are responsible for discipline and instruction under observation of a critic teacher.

In criticism good as well as faulty points are noted and class discussion upon school management and general principles are frequent.
5 hrs. 1 credit.

IV. REVIEW

Arithmetic, Grammar, Geography and General Reviews.
3 hrs. Three-fifths credit.

FALL TERM

V A. Moral Science.

The relation of Ethics to home school and religious life.
Methods of teaching ethical principles.
3 hrs. Three-fifteenths credit.

WINTER AND SPRING TERM

V B. History of Pedagogy.

Reading from Comparye and references.
3 hrs. Three-tenths credit.

Philosophy—Dr. Arnold

FALL TERM

DEDUCTIVE AND INDUCTIVE LOGIC

5 hrs. One-third credit.

WINTER TERM

II. CHRISTIAN EVIDENCES

Historical, archaeological and internal evidences.
5 hrs. One-third credit.

III. ETHICS

WINTER TERM

5 hrs. One-third credit.

IV. HISTORY OF PHILOSOPHY

Greek and Roman Philosophy; Mediaeval and Renaissance Philosophy; Eighteenth Century, and Recent Philosophy.
5 hrs. One-third credit.

SPRING TERM

Physical Geography.—Prof. Rowell

Class discussions, and recitations guided by Davis' "New Physical Geography." 2 hrs. Two-fifths credit.

Physics—Prof. Taylor**I. ELEMENTARY PHYSICS**

The text-book used is Gage's "Introduction to Physical Science." The laboratory work is guided by "Gage's Physical Experiments." Recitations and lectures 2 hrs.

Laboratory *4 hrs. 1 credit.

FALL TERM

- A. Mechanics and heat.

WINTER TERM

- B. Heat (continued), sound and light.

SPRING TERM

- C. Electricity and magnetism.

II. ADVANCED PHYSICS

The text-book is Gage's "Principles of Physics." Recitations and discussions 2 hrs.

Laboratory, 2 hrs. Three-fifths credit.

FALL TERM

- A. Mechanics and heat.

WINTER TERM

- B. Sound and light.

SPRING TERM

C. Electricity and magnetism. This work will be largely experimental, especial emphasis being placed upon electrical measurements and upon the construction of electrical instruments.

Physical Laboratory

The Physical Laboratory occupies two well-equipped rooms on the third floor of Chrisman Hall. It has been recently fitted up with tables and apparatus.

Printing—Mr. Lowery

I. Learning cases, names and style of type, composition, care of press, care of type, name and uses of printers' materials.
6 hrs. Three-fifths credit.

II. Lectures on job work. Transferring of matter. Job work. Uses of presses. Correcting proof.
9 hrs. Three-fifths credit.

III. Lectures on Art of Printing. Job work in colors. Making up newspaper forms. General press and book work. Lectures on styles.
6 hrs. Three-fifths credit.

Psychology

Lectures and laboratory work in modern psychology
Lectures, 2 hrs. Laboratory 2 hrs. Three-fifths credit.

Sloyd

(See Manual Training.)

Wood Working

(See Manual Training.)

TABULATED COURSES OF STUDY

In a school of this kind it is neither possible nor desirable to have the studies elective. Therefore we have formulated the following balanced courses of study, any one of which may be selected by the student. Full explanations of the courses will be found, arranged in alphabetical order, in the "Synopsis of Courses of Study."

CLASSICAL—(Collegiate Course)

COURSES	Hours a Week.			COURSES	Hours a Week.		
	F	W	S		F	W	S

DEPARTMENT OF DOMESTIC ECONOMY

This department is carried on in Thayer Home, a modern and convenient edifice on the campus, erected and maintained by the Woman's Home Missionary Society of the M. E. Church. The object of this home is to train young women not only in cooking, housekeeping, dressmaking, etc., but in Christain womanhood. The work of this home is done by the occupants alternately, so as to give all a practical knowledge of housekeeping. Lectures are given on domestic science, food, dress, physical culture, and social ethics. In short, the aim of the home is to fit young ladies to conduct and adorn a model Christain home. A Kindergarten has been opened this year and we aim that this department shall not only afford training for the children, but a course for the benefit of young women who look forward to work among the children.

COURSES OF STUDY

DRESSMAKING

I. Taking measures and drafting patterns from them. Cutting and making foundation skirts from measure. Basting and fitting. Talks on selecting material and planning dresses. Making book of models. Practice work.

II. Fine hand work, making baby linen, outlining, drawn work and fancy stitches. Making book of models. Practice work. Continuation of general dressmaking.

III. Study of system of dressmaking. Designing and trimming skirts, waists and sleeves. Making book of models. Practice work covering the entire course.

Time required:

Drafting	-	-	-	-	-	-	2 lessons a week.
Model work	-	-	-	-	-	-	2 lessons a week.
Practice work	-	-	-	-	-	-	10 hours a week.

All students in dressmaking are charged one dollar per month tuition, and are required to provide themselves with shears, tape-measure and thimble.

Certificates from two courses will be given from this department. Candidates for the first must have a general English education, and will be recommended as dressmakers.

For the second, in addition to the requirements of the above course, candidates must be graduates from the Normal course or from the College Preparatory course, with one year of practice teaching in sewing, and will be recommended as teachers of sewing.

SEWING

Grades. Sewing in the grades includes linear sewing, on cardboard, canvass, and cloth, overhanding, hemming and running, felling, backstitching, gathering, and putting on bands, practicing buttonhole-stitches and darning. Making small model garments, also plaiting raffa, etc.

Two lessons per week. Time: Each lesson, 45 min.

NORMAL AND PREPARATORY COURSES.

The following courses are a part of this school curriculum and are required of all young women, of the Normal and College Preparatory work.

SEWING

I. Overhanding, hemming, running, felling, backstitching, gathering, stocking-gathers and putting on bands; overcasting, buttonhole stitching, hem-stitching, cross-stitching, feather-stitching; outlining; practical application of above stitches; cutting and making of undergarments by pattern.

II. Folding and basting hems by measure; tucking, darning, and patching; instruction in taking measure, and drafting patterns for underclothing, cutting and making of garments; practice work.

III. Plain machine work; drafting continued, buttonholes and eyelets; cutting and making garments and shirt waist suits.

One lesson a week. Time: 1 hr. 30 min.

COOKING

Air, in relation to life and fire; fuels; management and care of stove or range. Water, cleanliness and cleaning. Definitions, tables, rules. Fuel, foods; starchy plants, potatoes, cereals, etc. Tissue-building foods; eggs, milk, dairy products. Bread; wheat flour, baking-powder, yeast. (Theory and practice work.)

II. Food in its relation to life; body stuffs and food stuffs. Diet. Tissue building foods; the flesh of animals, poultry, fish, etc. Fuel foods; fats and oils; cooking in fat; sugar; candies, cake, desserts, ice cream and water ices. Acid and salt supplying food; fruits, vegetables; salads, cream of vegetable soups.

III. Preservation of food; canning, jelly-making, etc. Special diets for infants and invalids. Beverages.

Practice work in teaching.

Review work in bread-making.

IV. Practice work in preparing meals and fancy dishes, course dinners, dietary studies.

One lesson a week. Time: 1 hr. 30 min.

For use of materials, a charge of 50c per term is made; payable in advance.

Domestic Art

Drafting and sewing.

Drawing and water colors.

Nature study.

Art needle work.

Weaving and basketry.

Home furnishing and decoration.

Drafting and Sewing. This course includes demonstration lessons in drafting-in connection with and construction for mechanical drawing.

Drawing and Water Color.—This gives the fundamental principles of drawing, composition and design, embracing the elements of industrial art, and aims to develop the appreciative and creative art power in the individual pupil.

Lectures on the theory, classification, and harmony of color, based on the solar spectrum; also practical work with pigments in coloring from nature, and applied to elementary art and costume.

Nature Study.—This work is based on the development of cotton and linen from the seed through the various stages to the woven fabric; also study of the animals from which the fabrics are obtained, as the sheep, silk worm, etc. Nature study talks on the various articles used; as pins, needles, scissors, thimbles, buttons, etc., from the rude material to the furnished articles.

Art Needle Work.—This teaches the application of art in decorative stitchery to garments, and household articles.

Weaving and Basketry.—The principles of plain and fancy weaving are taught, with practical work on the hand loom, in threads, beads, raffa and other materials. Basketry is studied for its value in manual training, as well as for the pleasure and profit that is derived from the useful and decorative results. Originality in form and design on the part of the student is encouraged. This course teaches the method of making baskets of various weaves and shapes, in raffa, splint, reed, grasses and other materials. Also chair seating in cane and knotted raffa mats, hats, etc. Lectures are given and written work required on the history of ancient and modern basketry.

Home Furnishing and Decoration.—Lectures given on the treatment of walls, floors, and ceiling; also the selection of furniture, pictures, rugs and hangings.

One lesson a week. Time: 1 hr. 30 min.

I. Lectures and written work on the history of sewing, its aim and object in education. Lectures and practical work.

Lectures and written work on the textiles—cotton, linen, wool and silk, also on articles used, as scissors, pins, needles, etc.

Drafting and making the undergarment.

II. Drawing and designing. Lectures and written work on basket making. Practical work on basket-making.

III. Drafting and making a shirt waist suit. Theory and practical work on color in costume and in home decoration.

KINDERGARTEN

This year we have rented a room outside the campus (as no room was available in our building) and opened a kindergarten department. This room is pleasantly located, and well equipped.

In the Kindergarten the children learn to do by doing. The Kindergarten includes education through games, through songs, and rhythmic exer-

cises, through the handling of typical playthings, and through the use of typical employments, and through exercises and conversations based upon the study of nature, and of human life, all of this being carried on in accordance with certain fundamental laws, that are found operating throughout the universe.

Tuition one dollar per month.

For particulars concerning any department in school of domestic science, address Miss Flora Mitchell, Superintendent, Thayer Home, South Atlanta, Ga.

ALUMNI

COLLEGE DEPARTMENT.

Where no other degree is designated, all college graduates have the A.B. degree.

1883

WALTER H. NELSON, A.M., D.D. . . . Presiding Elder, Alabama Conference.

1884

JAMES M. COX, A.M., B.D. . . . President Philander Smith College, Little Rock, Ark.

1885

EDWARD W. LEE, A.M. . . . Presiding Elder, Americus District, Americus.

SARAH A. HARPER, Ph.B. . . . Teacher, City School, Chattanooga, Tenn.

1886

GEORGE W. ARNOLD, A.M. D.D., . . . Presiding Elder, Gainesville District, Atlanta Conference.

*EDWARD S. COTTON.

MARCUS J. GREEN, Atlanta.

1887

JORDON D. CHAVIS, A.M., D.D. . . . President Bennett College, Greensboro, N. C.

JOHN P. MORRIS, A.M., B.D. . . . Professor of Mathematics, Bennett College, Greensboro, N. C.

HENRY M. WHITE Pastor M. E. Church, Vine St., Atlanta.

1888

JOHN LEAKE, Yale.

1889

SAMUEL A. CUNNINGHAM Real Estate Agent, Atlanta.

REUBEN T. LOVINGGOOD, A.M. . . . President Samuel Houston College, Austin, Texas.

*ALBERT J. BEAL.

WILLIAM J. ARNOLD, Ph.B. Business, Dover, Minn.

1891

*WILLIAM H. BRINSON.

1893

SILAS A. PEELER, B.D. Pastor M. E. Church, Greensboro, N. C.

1894

NARIAL J. JOHNSON, B.L. Presiding Elder Austin District, Austin,
Texas.

PHILIP C. WATTS Teacher, McDonough.

1897

WILLIAM W. LUCAS, S.T.B. Principal Meridian Academy, Meridian,
Miss.

*LEWIS WOODS, B.D.

J. N. C. COGGINS Agent for Young People's Congress.

1899

PINKEY B. (DAVIS) JOHNSON Marshall, Texas.

JACKSON S. STRIPLING Pastor M. E. Church, Waynesboro.

EMMET L. WHEATON Postal Service, Macon, Ga.

1900

CHARLOTTE CROGMAN Professor of Greek and Latin, Clark University.

SALLIE B. (DONEGAN) BROWN Wiley University, Marshall, Texas.

1901

HENRY B. LEMON, B.S. Professor of Science, Morris Brown College, Atlanta.

ARRA (BROWN) PRATHER, B.Ped. Opelika, Ala.

1902

WILLIAM H. BRYAN Student Meharry Medical College, Nashville,
Tennessee.

LORENZO H. KING Pastor M. E. Church, South Atlanta.

LYNDON M. HILL Postal Service, Atlanta.

SADIE E. OVERTON, B.Ped. Professor of English, Clark University.

1903

GEORGE C. SCARLETT, B. S. Law Student, Ann Arbor, Mich.

EDGAR L. W. PRATHER

*JAMES W. HAIGLER.

GEORGIA E. JONES Teacher, Philander Smith College, Little Rock,
Arkansas.

EDNA C. MATTHEWS Teacher, Sunny Side.

ALUMNI

77

HATTIE E. NEWBURN . . . Teacher, Cookman Institute, Jacksonville, Florida.

1904

MELZIAH BROOKS Teacher, City School, Anniston, Ala.
 JULIA MAJORS Teacher, City School, Anderson, S. C.
 ENDOR SHEPARD Teacher, City School, Anniston, Ala.
 LOUELLA WOODWARD Teacher, Clark University.
 GLENN A. BALLARD . . . Teacher, Cookman Institute, Jacksonville, Fla.
 PRINCE W. SPEARS Student, Clark University.
 EDMOND L. CROGMAN South Atlanta.
 WILLIAM H. CROGMAN, JR. South Atlanta.
