The entire page is enclosed in a thin black rectangular border. At the top, a stylized building with a sign that reads "GREATER MORRIS BROWN" is partially visible, with rays of light emanating from behind it. A decorative purple frame is centered on the page. Inside the frame, the title "The Aurora" is written in a large, black, gothic-style font. Below the title, in a smaller font, is the text "Published by Students of Morris Brown University Atlanta, Georgia". At the bottom of the frame, a scroll displays the year "1927". In the bottom left corner, outside the frame, is a black silhouette of a hand holding a small, ornate lamp with a flame. A wavy line of smoke or light rises from the lamp towards the bottom of the purple frame.

FOREWORD

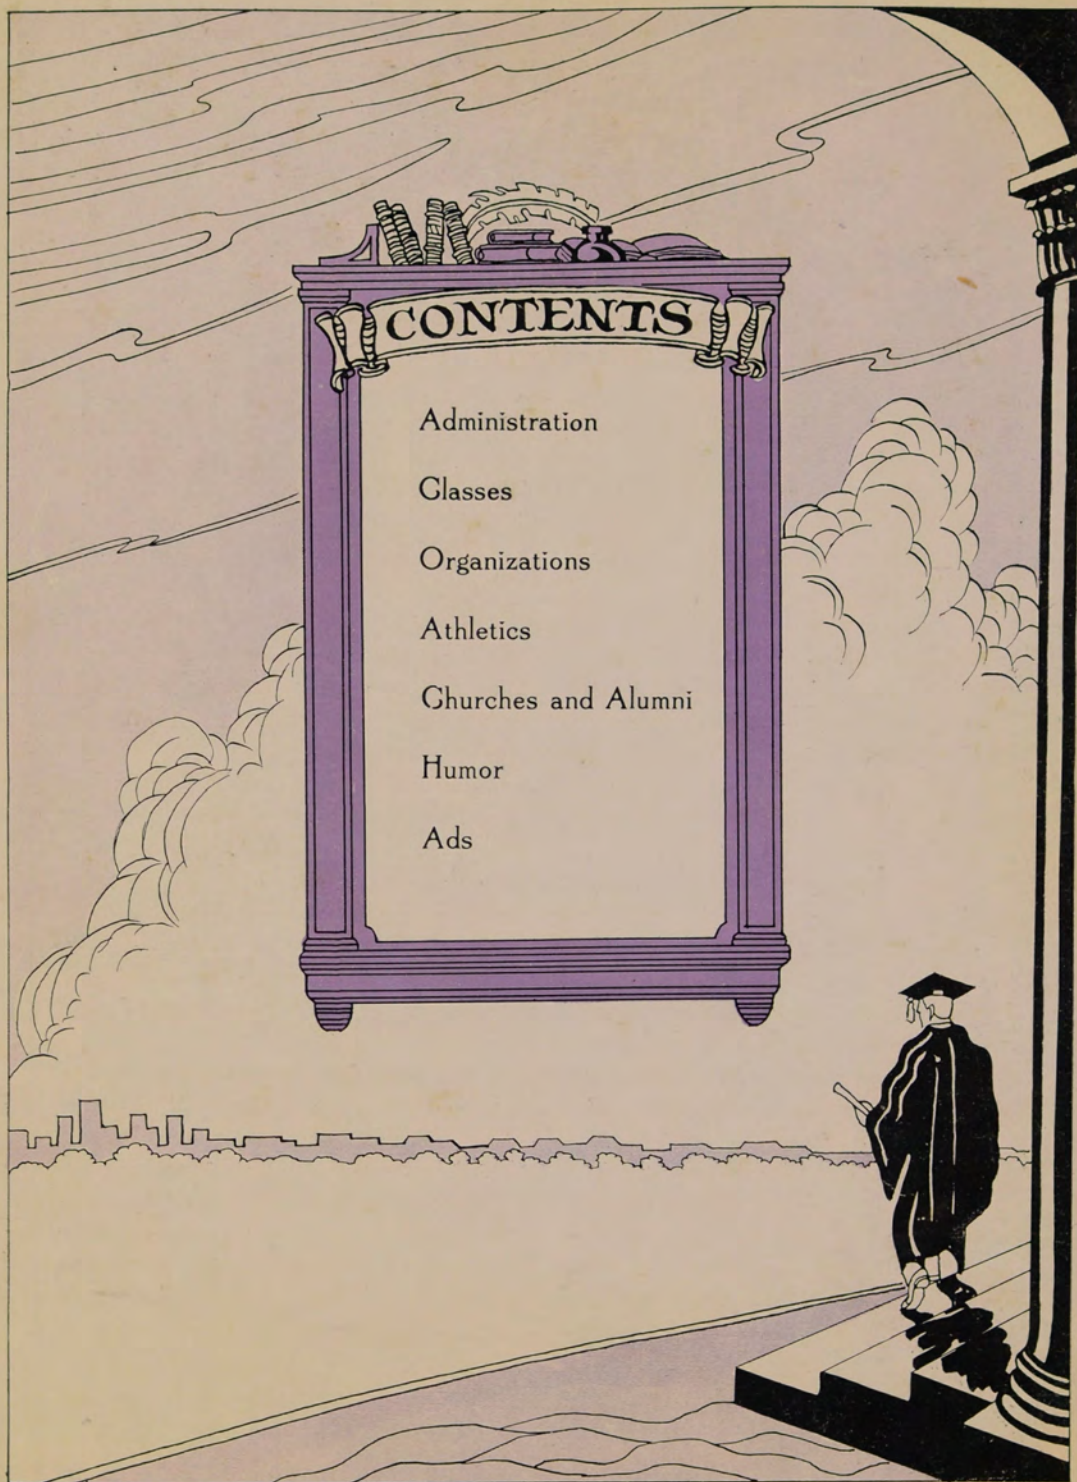

Since the beginning of civilization, man has striven to leave records of his outstanding achievements. Primitive man left his records on tablets of stone, modern man has any number of ways in which to leave his record.

Morris Brown is an achievement of self-help and confidence that is recognized internationally. Her influence has been felt for over four decades, and she claims as her sons and daughters some of the nation's foremost leaders in various fields of endeavor.

This is a partial record of what the present administration and student body have done to carry on toward the goal of a Greater Morris Brown.

May it serve as an inspiration to thousands of young people yet to matriculate within these classic walls, as a token of gratitude to those who have given so nobly to the cause, and to awaken fond memories in those of us who have striven together for a Greater Morris Brown.

Historical Sketch

EVERY race and every period of time are characterized by the education of their youth.

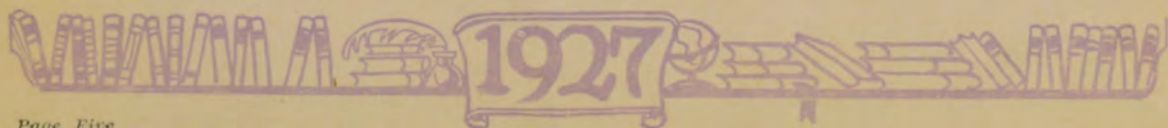

In view of this fact, in the year 1881, a group of enthusiastic Christian workers assembled in Bethel A. M. E. Church, Atlanta, Georgia, to devise some plans for the education of Negro youth. They saw the pressing demand for Negro leaders and they sought to prepare a way for their education. This was a laborious task, but they struggled faithfully, with their wagons hitched to the star of hope; and were able on February 1, 1881, to purchase the site where our institution now stands. It was named Morris Brown College as a tribute to the memory of Bishop Morris Brown.

Being financially unable the school was not ready to be opened for the reception of students until October 15, 1885, under the principalship of Mrs. Mary McCree.

In 1913 Morris Brown College was changed to Morris Brown University, consisting of Morris Brown College, Turner Theological Seminary, Atlanta, Georgia; Payne College, Central Park Normal and Industrial Institute, Savannah, Georgia, and the property at Macon, Georgia.

Morris Brown University has grown much under such notable characters as Bishops Lee, Flipper, Fountain and Turner, each of whom served as presidents, and Presidents Henderson and Mitchell, and is still growing under the administration of President John Henry Lewis.

A Million-Dollar Campaign for the extension of this University has been launched. We hope that in a short while ours will be a world-famed university, because of the heritage that is ours, the like of which no other college can claim. It is a university owned and controlled exclusively by Negroes.

The History of the Class of '27

Omar Khayyam a sage of old, inscribed these words upon a scroll.

"The moving finger writes, having writ, moves on, nor all your piety or wit can lure it back to cancel half a line, nor all your tears wash out one word of it."

Time rolls on and yet 'tis strange, the sage's thought defies all change.

We are God's fingers and from our birth we move unceasing o'er the earth;

Each day is a page all clean and white and it's up to us what we should write.

And so with the Class of '27, we only compile the pages given.

When we entered as Freshmen at Morris Brown's gate, of the sixteen who are finishing, there were only eight.

There were Marty, Link and Turner, Davis and Belle, Amos and Dick Jackson.
Then Tom Watson, or Lil Will.

So we went for two semesters with Marty Clarke at our head, those old gents known as Professors made us wish that we were dead.

School was out and we hiked homeward, some for fun and some for dough.

Fall came round and then we scampered back to Morris Brown once more,

Tom Watson was our leader then, a wizard at his work,

And no matter what came on, he would never stall or shirk.

A lady member joined our band, Miss Oldknow Catharine Hill,

She plays upon the Baby Grand with most unusual skill.

Then comes the fateful Junior year and Davis leads the way,

We'd passed the two dark years of fear and glimpsed the light of day.

Mitch and Fuller joined our rank as did our friend Miss Epps,

To them we give our hearts' thanks, for they added strength and pep.

Then we come to the end of the chapters that twelve fingers helped to write—

With Marty again at the helm, we annexed Saunders, Edwards, Norris and Wright.

Ted Saunders and Marty were noted for studies, ladies and sports.

When put to the test in either, our colors would not cease to float.

Fuller, Norris and Amos were men of quiet miens.

But that they would someday be famous, is a fact that is easily seen.

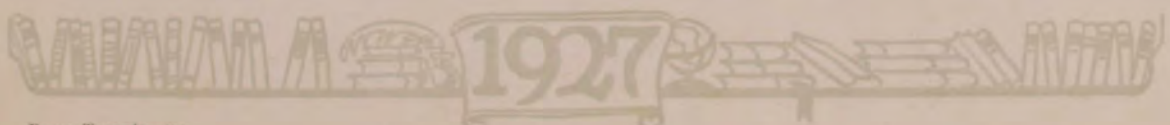

Misses Epps, Hill and Fountaine and the talented Miss Wright are ladies who'll soon be mounting fame's dizzy and dangerous heights.

Turner, Mitchell and Jackson, Watson and Lincoln Ward, will succeed for they all have a vision and rely on the guidance of God.

We touch our achievements but lightly, for whate'er we are we're bound to be grateful to God our Creator, friends, families and Morris Brown.

We pray that on to-morrow, when we life's battle have won,

We will cause Morris Brown no sorrow, making her proud of her daughters and sons.

Senior Normal Class History

A CAREFUL study of contemporary civilization shows that always there is one tribe, group or nation to stand out more prominently, consist of more leaders and exert more influence than the surrounding tribes, groups or nations. This is also true of classes.

Thus, two years ago we entered the Normal Department, a class of twenty-three, each having the same aspirations and ambitions and with eyes set upon the goal of achievement.

Very soon we were given the name, "The Ambitious Normals," for there were those among us with exceptional musical ability as well as literary and cultural attainments. After a tempestuous year of sailing on a stormy Junior sea, we emerged into the calm dignity of our Senior year.

Imbued with the determination to reach our goal, having courage and being undismayed by reverses of fortunes, we became serious as Seniors. Now individual talents manifested themselves as never before.

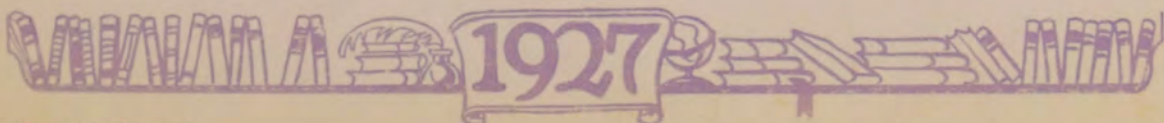

Some found places in the Y. W. C. A., others in the College Orchestra and the Glee Club. Still others proved their worth in the oratorical and business fields.

Not being allowed the space to tell all our glorious attainments, even as a class, to say nothing of our individual ones, we must close it by saying that at present we stand "nineteen" strong. Our two years spent on the Normal sea of intellectuality has been flavored with great joys, but ill luck has not been altogether absent—Miss Lois Freeman of Atlanta, Georgia, was compelled to discontinue her work on account of ill health.

Won by the opposite sex, some believed themselves to see more honor in marriage than in a Normal diploma and deserted us to enter into the Holy Bonds of Matrimonial Wedlock, ere yet the race was won.

Briefly, this has been the past of the Class of 1927. We know not what tomorrow will bring.

—MARY L. HAYES,
Historian.

Class Poem

By MATTIE W. INGRAM

I

*Morris Brown, Guide and Friend, to you we owe
Whatever we have done or hope to do,
You gave our laggard minds the warmth and glow
Of joy in work. You made us see anew
The glories of the universe, that drew
Our thoughts far on, and up, to lofty spheres
Where wondrous beauty steals upon the view,
Waiting a form and name through all the years,
And blessing him who sees, and feels our sorrows,
hopes and fears.*

II

*You led us through the long and toilsome road
Which we would fain have shunned for briefer ways;
You taught us patience, work and all the code
Of thoroughness; nor spared the timely praise
That gave us hope and courage, through the days
Of toil, and kept the constant goal in sight
Toward which, with earnest zeal and fixed gaze
We held our course, and still do hold, with bright
And helpful words from you to guide our way aright.*

III

*'Tis now our time to pause and say farewell,
To say good-bye to teachers, classmates, all;
To leave the scenes we've learned to love so well
To go as willing soldiers to life's call.
And now, classmates, in duties great and small,
Success and honor these our watchwords be,
And when life's curtain on our act shall fall,
When for another shore we put to sea,
Approach that bourne, too, with the same tranquillity.*

The Seniors' Farewell Song

By MATTIE W. INGRAM

TUNE: "Pal O' My Dreams"

I

*There are many things to gain
There are many things to lose
In the big world outside where we'll go,
But we'll do all things fair
We will meet all things square
Morris Brown taught us to do so.*

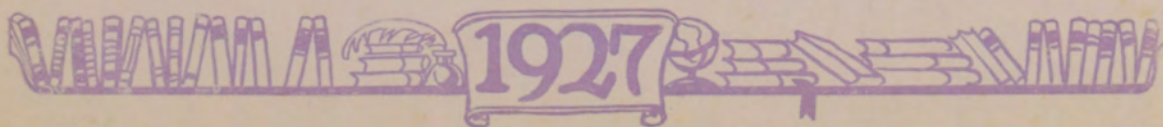

(CHORUS)

*Dear Morris Brown, we are leaving to-night
But the Morris Brown spirit will follow through life.
Our hearts will be with you each night and each day,
Everything you have taught us, we'll always obey,
We will pray for you always wherever we are
We will answer your calls from near and from far.
We will be true to our vows till we die,
Morris Brown, we are leaving to-night.*

II

*It matters not where we'll be
It matters not what we'll see
You will still be near us.
It matters not what we'll choose
It matters not what we'll do
We will always be true to our trust.*

Turner Theological Seminary

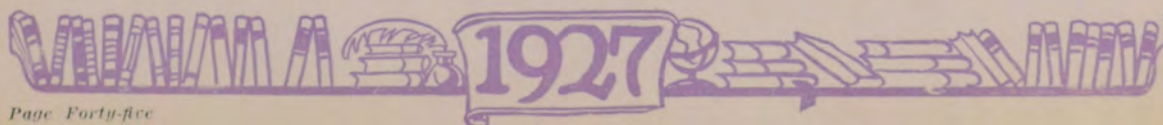

HISTORY.

In the establishment of Morris Brown College the fathers saw that to educate the pew and leave the pulpit ignorant, would be detrimental to the church and race, therefore they purpose to have an educated ministry. As early as 1885, September 23, just before the doors of Morris Brown were opened for the reception of students, Rev. T. G. Steward, D. D., now chaplain of the United States Army was elected Dean of Theology.

Rev. E. W. Lee, however, was the first active Dean. Under his, Revs. J. S. Flipper's, Ponton's, F. R. Sim's, J. A. Lindsay's, and W. G. Alexander's leaderships, the Seminary has made marvelous progress.

Under the leadership of Dean W. G. Alexander, this department is holding its own and bids fair to fulfill its mission in the preparation of men for the Christian ministry and for religious service in Home and Foreign fields.

Turner Theological Seminary reports a successful year, with 32 students in the usual courses and 250 students in Religious Education.

Seventh Grade

This class, under the able tutorage of Mrs. Wilson, has made marked progress. Its members are endowed with the Morris Brown University spirit. It promises to fill the College and High School.

Eighth Grade

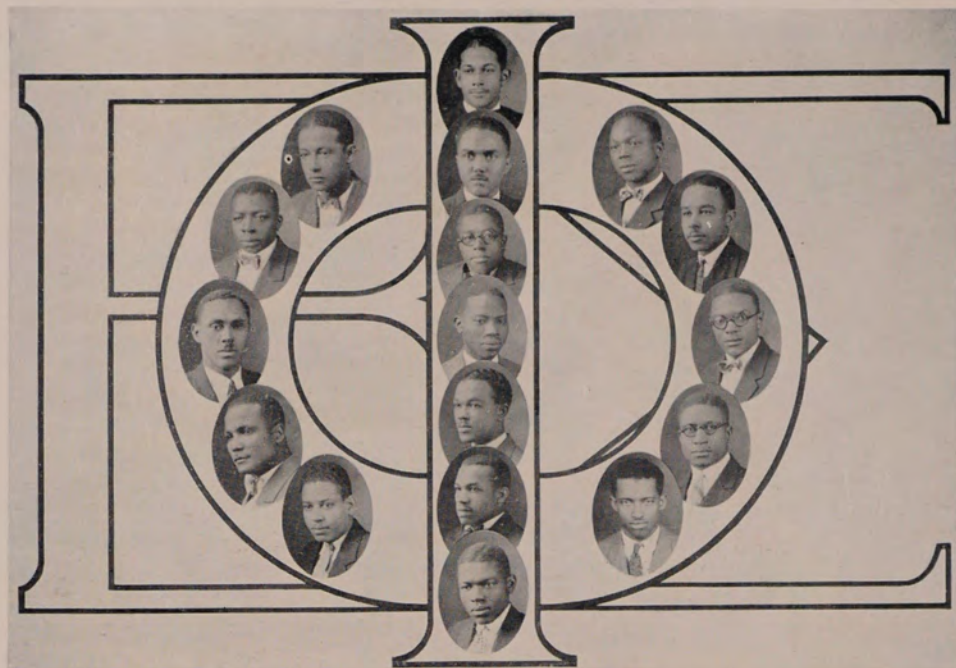

MISS JANIE McHENRY, Teacher

Kindergarten

This year has marked a very successful period in the history of the Kindergarten and First Grade of Morris Brown University. Under Miss Amelia Hall, as teacher, and Mrs. A. M. Cochran, supervisor, the children's work has been very pleasant and profitable. In the First Grade they have learned to read with a degree of fluency and have mastered their numbers and spelling. Games, songs, story-telling, keeping store, building houses and other objects with blocks have been some of the important work of the Kindergarten. Both groups have a good appreciation of music.

The equipment has been greatly increased. Those in charge have striven to make the room home-like and attractive by suitable posters, curtains and table projects.

Phi Beta Sigma Fraternity

The Phi Beta Sigma Fraternity is a national organization, the youngest of the four Colored Greek Letter Fraternities; with forty-eight chapters and approximately thirty-two states represented. Located in most of the leading colleges and universities in the country where Colored Men are matriculated.

We have Zeta Chapter located here. Our year's program has included a number of progressive activities.

Zeta plays a conspicuous part in organizations and athletics around the University. The Fall Dance was enjoyed by all who tripped the fantastic toe ecstatically in the arms of femininity.

Zeta Chapter will miss the untiring efforts of Brothers Clarke, Ward, Mitchell, Watson, Amos and Miller through graduation.

Football Season

The Morris Brown football season opened regularly September 15th, 1926, with the first call for practice, as the evening zephyrs hovered down upon the field at the very mild temperature, welcoming the old veterans and the wealth of new material to the Gridiron of 1926. After a few weeks of hard work the coach walked out and struck the anvil of humanity and told all to walk out and take their places on the mighty Whirlwind eleven, but nothing but the pure in heart could stand; and the old ax fell and finally there was left twenty-seven stalwart youths who were prepared to combat with most courageous foe. And among these brilliant athletes were the famed A. Clarke, the Whirlwind left end; Billy Nicks, captain and right end; the mighty Bailey, tackle; Saunders, center, and Smith, left end. The Morris Brownites and fans in this section held their voices until the time should come for the scrapping Whirlwind to blow out of its den.

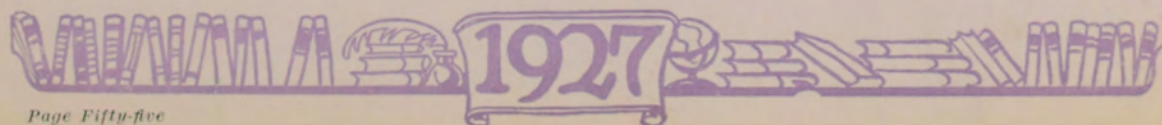

In spite of the fact the best we could get out of the 1926 football season was an even break with Atlanta University on Thanksgiving Day, 0-0, which caused the Whirlwind squad to finish second place in the conference.

We are extremely proud of our team. Morris Brown received more publicity this year than any year previous. The men who stood out prominently during the 1926 season were A. Clarke, left end; Bull Williams, fullback; Nicks, captain and right end; Saunders, who stopped Tennessee State's powerful offense on the one-

yard line; Bailey, left tackle; Credell and Cornell proved to be a wonderful pair of rookies and will be heard from in the future.

To Coach "Whirlwind" Johnson we sing our praises high and hope that he will continue and also his assistant, Coach Clemons, the wonderful line coach of '26. As a coach their standards are high and only the fittest survive. The sentiment of the entire squad is that we are proud of them and do heartily appreciate the efforts that they put forth. In perusing over the Chicago Defender I notice that Billie Nicks, Arthur Clarke, Oscar Warren and Ted Saunders were All-Southern men. Please watch for the Whirlwind in '28; give them a place to stand and a lever long enough and they will move the world.

Basket-Ball Season

The basket-ball squad of Morris Brown got away this year with a Whirlwind start, defeating Morehouse the first game of the season in a hectic battle which was thrilling from the beginning to the end. We are blessed with material on our basket-ball squad that would make a wonderful cog in anyone's machine. When I speak of basket-ball it brings to me fond remembrances of the time when Big "Red" Bradley stood like the rock of Gibraltar and shot a goal from the middle of the court, much to Alabama's sorrow. Not only did Bradley stand out all of the season but think of the wonderful McLarin, Spruell, Word, "Drafton" and others. With the dawn of a new year we will not only finish in third place in the campaign but we will remain unparalleled by any team for fight when odds are against us regardless to creed or color.

In the pinch Spruell can jump center. Pearson, a rather late comer, has hopped things up pretty hot as center, straining his leg and getting what is popularly known as a "Charley Horse" in Alabama. It has been a rather hard job for him to play the usual offensive game that he showed early in the season. Captain George at guard was very good after recovering from his injuries received early in the season and played in three or four mid-season games, only to be put out for the rest of the season during the Alabama invasion. Richardson was never fully recovered from the effects of his injuries received in Ohio and consequently was never up to par after

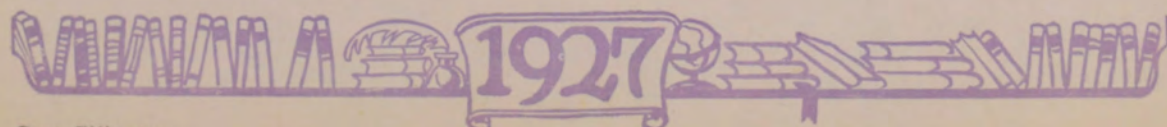

the first game. McLarin, Credell and Robinson were great as substitutes. With more seasoning they should be good. Morris Brown scored 392 to her opponents 417 points, winning most of her games by two, four and eight-point margins. The entire "Whirlwind" cage squad will be back next year, none being lost by graduation.

Baseball

THE Morris Brown baseball team for 1927 is one of the best produced in the last ten years—playing twenty-seven games and winning twenty-one. Numbered among its victims are some of the foremost colleges in Negro athletics.

No team has beaten Morris Brown a series of games. Listed among its victims are Atlanta University, Atlanta Black Crackers, Morehouse College, Fisk University, Talladega College, Payne University, Selma University, Knoxville College, South Carolina State College, Miles Memorial College, Newport News "Y", Howard University and Virginia Union University. The "Murders Row," composed of Captain "Morty" Clarke, "Polly" Johnson, "Ted" Sanders and "Bull" Williams, has attracted attention by their consistent hitting and scoring wherever the team made its appearance.

"Red" Bradley and "Bay Bee" Spruill bore the burden of pitching, assisted by "Buddy" Austin, "Weak" Robinson, White and Hilson. Other men who aided in making the "Whirlwind" whirl are "Rabbit" Wadley, "Jazz" Word, "Spogo" Stearns, "Crip" Credell, "Simp" Sampson, Alexander, "Rusty" Warren, "Bacarach" Smith and "Ox" Clemmons.

Coach Johnson is due much credit for developing such a wonderful machine, noted for its fight at all times.

Chapel Dots

By MATTIE W. INGRAM

IF we are to be true to and carry out the plans of this institution that our forefathers have made for us, we must cherish and maintain that spirit of self-denial, service, sacrifice and co-operation. This feeling can only be kept through Christianity.

Here, at Morris Brown University, there is no denominational doctrine, there is only the doctrine of the Divine Christian faith. The spirit of Christianity is prevalent throughout the activities of the University. A day never closes without some phase of worship in which the entire student body participates!

During this scholastic year many events of much importance have occurred. The most outstanding were as follows: The Founder's Day Program, which took place in the University Chapel, February 1, 1927. On this day remarks were made by Bishop J. S. Flipper, followed by a selection from the quartette. The audience was held spellbound by the address delivered by Dr. W. W. Alexander of Chicago, Illinois. The entire proceedings were pervaded by the spirit of thankfulness and near-ancestor worship appropriate for the occasion. President M. W. Adams, Mr. Walter B. Hill and Mr. W. Woods White brought greetings to the student body and were received by prolonged ovations.

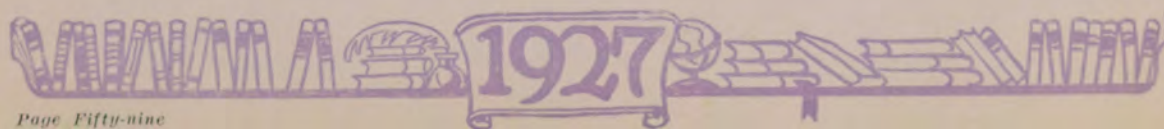

JOSEPH'S BONDAGE

The Dramatic Society of the University presented a Biblical play taken from the theme of the life of Joseph. The musical talent of the society rendered the operatic selections in true grand opera style. The audience was highly pleased, if we may judge from the salvos of applause with which the close of each scene was greeted. Mrs. Lewis and Miss Blossomgame are to be commended upon this production which represented untold labor on the part of the two above-mentioned ladies as directresses and the participants.

Some of the most notable interpretations were given by Messrs. C. V. Troup, Wayman Johnson and Levi Wilkerson in the roles of Jacob, Joseph and Pharaoh, respectively. Miss Annie M. Blossomgame covered herself with glory in the role of Zilpah, Jacob's wife.

AFRICA

Dr. Hill brought an all-engrossing message from our sisters and brothers across the seas in the motherland—Africa. The lectures were well illustrated and created considerable interest.

A Brief Historic Sketch of Big Bethel A. M. E. Church

THE above named church was established about 1850 for the Negro slaves living in and around Atlanta, whose masters were members of the Methodist Episcopal, South. It was first known as Bethel Tabernacle A. M. E. Church. Brothers Jos Wood, Henry Strickland, A. J. Miller, Cornelius Murphy, Douglas Duncan, Means Andrew Montgomery and Nelson Tinsley were among the pioneers who began the great venture in those days.

The congregation was first served by white ministers, until emancipation. Early in 1865 and soon after the surrender of Gen. Lee, Rev. Jas. Lynch was sent by Bishop D. A. Payne to organize the A. M. E. Church in the South. In passing through Atlanta he was introduced to Bro. Jos Wood. After a brief conference Rev. Lynch explained the doctrine and policy of the A. M. E. Church to Bro. Wood who at once became a member, he was the first member, the first class leader, the first local preacher and the first pastor of the A. M. E. church in Atlanta.

Dr. H. M. Turner, later Bishop Turner, who was then Chaplain in the U. S. Army, passed through Atlanta in 1865. After preaching the sermon, he called all the people together, who were present, and who had not previously united with the A. M. E. Church through Bro. Wood, and by unanimous vote of the congregation all present were made members with Bro. Wood retained as the Leader. The Annual Conference which met in Savannah, Ga., March, 1866, Bro. J. A. Wood and W. J. Gaines were ordained deacons and Rev. J. A. Wood, was appointed by Bishop D. A. Payne, as the first pastor of Bethel Tabernacle, Atlanta, Ga., which is now known as Big Bethel A. M. E. Church.

The first real estate purchased and owned by the congregation was purchased in 1861 by a Negro slave, known as Brittain Cozorte, who because of the increase in the Negro membership in the white churches sought to obtain permission for the slaves to worship separate from their masters.

Seven hundred dollars (\$700.00) was collected from masters and slaves and paid for a piece of ground on what was then known as Jenkins Street, near Courtland Street, on which was erected a frame building, 60 x 100. The following pastors have served the Bethel Tabernacle and the Big Bethel Church:

Rev. J. A. Wood.....	1865-1867	Rev. R. M. Cheeks.....	1893-1895
Rev. W. J. Gaines.....	1867-1869	Rev. W. G. Alexander.....	1895-1899
Rev. Chas. L. Bradwell.....	1869-1870	Rev. E. W. Lee.....	1899-1900
Rev. F. Jesse Peck.....	1870-1873	Rev. C. W. Newton.....	1900-1902
Rev. Wm. D. Johnson.....	1873-1874	Rev. C. C. Cargile.....	1902-1905
Rev. S. H. Robertson.....	1874-1875	Rev. I. N. Ross.....	1905-1909
Rev. F. Jesse Peck.....	1875-1877	Rev. C. M. Tanner.....	1909-1914
Rev. R. A. Hall.....	1877-1880	Rev. F. R. Sims.....	1914-1916
Rev. W. J. Gaines.....	1880-1884	Rev. R. H. Singleton.....	1916-1923
Rev. Richard Graham.....	1884-1885	Rev. J. T. Hall.....	1923-1924
Rev. Jos. S. Flipper.....	1885-1889	Rev. J. L. Butler.....	1924-
Rev. Larry Thomas.....	1889-1893		

All of the previous pastors served well in their term of office. Time will not permit me to expatiate upon the great and good work each of them wrought during their day, but according to the records kept the lion's share goes to Wood, Gaines, Larry Thomas, W. G. Alexander, I. N. Ross, C. M. Tanner and R. H. Singleton, and now, there is no act of my life, no mission I could perform and no honor imaginable, not even the Bishopric is excepted; nothing, can bring more joy to my heart than to serve with the faithful members of this congregation until the last contracted debt is paid.

But whether I am permitted to remain with you or not, I am happy to say that I have striven to the best of my ability to keep up Big Bethel's standard in the religious and business world and I invoke the benediction of the Triune God upon the faithful members and friends. My prayer, daily, to God, is that you may live long and be permitted to see Big Bethel completed and rededicated to the God of our fathers and the salvation of mankind.

Allen Temple A. M. E. Church

A LLEN TEMPLE A. M. E. CHURCH was organized in 1866 under the leadership of Rev. Joseph Woods, and was known as Woods' Chapel. Rev. Woods served from 1866 to 1869. The original site of Allen Temple (Woods' Chapel) was at the corner of Martin Street and Hammock Place. After a period of thirteen years, under the leadership of Rev. Taylor (1869-1871), Rev. Lowe (1871-1875), Rev. Cunningham (1877-1878), Rev. Joseph Woods returned (1878-1883), and under his leadership a more desirable site at the northeast corner of Clarke and Fraser Streets was purchased. Rev. Woods was followed by Rev. John Yeiser (1883-1886), one of the truly great orators of his time. Under his leadership the site on the northeast corner of Clarke and Fraser Streets was exchanged for our present site on the southwest corner of the same streets, and the present Allen Temple made ready for occupancy. Rev. A. S. Jackson followed Rev. Yeiser (1886-1890), and to him goes the credit greatly diminishing the debt incurred in building the new church. To Rev. R. R. Downs goes a lion's share of the glory of Allen Temple, for he remodeled the church, installed electric lights, modern equipment, including comfortable seats, and greatly improved the financial status of the church. Rev. Downs served from (1890-1892). Rev. E. Holmes succeeded Rev. Downs (1892-1893), and in turn was succeeded by Rev. E. W. Lee (1893-1895).

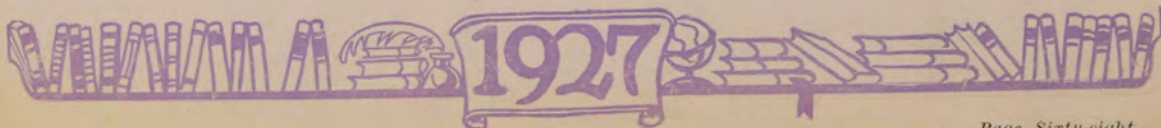

Next came Rev. Joseph Simeon Flipper (1895-1899), now Presiding Bishop of Georgia. Bishop Flipper has always been known for his forceful oratory, fearless leadership, punctuality and ability to get results. Rev. O. W. Whitman, an orator of renown, followed Rev. Flipper (1899-1900), but his administration was cut short by the angel of death. Rev. W. H. Heard, now Presiding Bishop of the first Episcopal district, took up the task of leadership and brought the people out of the slough of dependence. To him goes the credit of organizing the Ushers' Association, one of the churches' greatest assets. Rev. Heard served from 1900 to 1903. Rev. W. A. Fountain, now Presiding Bishop of Alabama, succeeded Rev. Heard (1903-1907), and led the church on to higher levels of success.

Next came Rev. H. D. Canady (1907-1911), then Rev. R. V. Branch (1911-1915). Rev. C. M. Tanner followed Rev. Branch and built the present parsonage at 61 Clarke Street, S. E. Rev. Tanner was followed by Rev. J. A. Lindsay (1916-1920), who spent a most successful four years clearing the church of debt for the first time, and leaving a surplus in the bank. Rev. Lindsay was followed by Rev. R. H. Ward (1920-1925), who in turn was followed by our present pastor, Rev. W. B. L. Clarke, under whose leadership we have raised \$18,639.00, cleared the church debt, annexed \$2,180.00 worth of property, have in the bank several thousand dollars and have launched a drive for a \$35,000.00 improvement and enlarging of our present building to take care of our greatly increased congregation.

St. Paul A. M. E. Church

St. Paul A. M. E. Church, Powell Street, East Macon, Ga., was organized in 1870 in the home of Eldon and Mary Leary and was reported as a mission to the Macon Conference two years later as a part of Camp Hope Circuit. Rev. I. N. Fitzpatrick being the first regular pastor. Rev. Fitzpatrick was followed by such able leaders as Revs. Johnson Brown, H. C. Boyd, Henry Lester, Geo. Campbell, L. C. Carey, D. K. Knight, Green Holmes, H. A. Cromottie, A. A. B. Gibson, John Cooper, P. W. Greatheart, H. D. Bush, E. P. Holmes, E. E. Griggs, R. M. King, S. B. Sims, F. C. Crayton, L. H. Smith, Jr., and Hall P. Estes.

St. Paul is now fortunate to have as its leader Dr. J. T. Hall, eminent Gospel preacher, shrewd financier, church builder, brilliant writer and conventional candidate for the Bishopric in 1928. Born in 1869, entering the ministry in 1896, under Bishop Turner, Dr. Hall has proved himself an enemy to all pettiness and a friend to progress. He is always ready to respond to the call of Morris Brown, his Alma Mater, and is a sympathetic friend of the young and old alike.

The Challenge to the Alumni

THE status of a school is determined almost wholly by its Alumni. Morris Brown University has an Alumni group of more than a thousand individuals. The potential strength of this group if properly organized and directed is almost unlimited. There is a group who like vultures or leaches, is preying upon or sapping the very life from the resources of the institution, by raising money supposedly for Morris Brown and appropriating it for their individual use. There is a group of malcontents, who stand by and do nothing because things do not go as they would have them. There is another group of individuals, who in a state of lethargy, lets the world roll on and shows no interest in its direction, while there is still another group, which works unceasingly for Morris Brown University's betterment. To the first group we would say, "play square," to the second, we have but this suggestion, action, not talk, directs the current of a stream from its original channel to one where it can do the most effective work, or converts raw material into something more desirable, and that the world is not looking for alibis, but results. To the third, we make this entreaty, do not stand by and let golden opportunities for rendering unselfish service, thereby immortalizing the work of our foresighted and self-sacrificing fathers, pass by unheeded. To the fourth, we have but the heartiest praise for your action, and sincerest prayers that God will give you added strength to do his biddings, and let that spark of love and loyalty for your school, which you now carry, so permeate the whole group that our dreams of a truly "Greater Morris Brown University" will soon be realized.

Did you ever stop to think that even a letter of encouragement would mean a great deal to those individuals who are sacrificing their lives for the preparation of our youth, and the perpetuation of your dear old Alma Mater and the ideals for which she stands? Did you ever consider the things necessary for the perpetuation of those ideals and traditions? Well, here they are, *a permanent faculty well prepared and having the best interest of Morris Brown at heart, and a sufficient physical equipment for the faculty to work with.* These things can be secured if we work together. Will you stand idly by and see your Alma Mater struggling to plant the Old Purple and Black upon higher levels of achievement and lend no helping hand? Would you stay out of the fray and when the battle is won come from the shelter where you had been hiding and say, "Didn't we do well!" Well, if you aren't doing everything you can to help put over the Million-Dollar Drive, you are doing just that. *Let this fact soak in; IF MORRIS BROWN SUCCEEDS THE WORLD WILL LOOK AT YOU WITH ADMIRATION, BUT IF SHE FAILS, IT WILL CAST A GLANCE OF DISDAIN IN YOUR DIRECTION AND SAY, "OH, HE'S A MORRIS BROWN MAN." YOUR DESTINY AND THAT OF YOUR ALMA MATER ARE ONE.*

The following is an excerpt from the President's report. If you are a true son or daughter of Morris Brown University you will get these facts well in hand and do everything possible to aid in realizing the ideals of those leaders whom you have selected to carry on.

THE MILLION-DOLLAR CAMPAIGN FOR A GREATER MORRIS BROWN UNIVERSITY

It is very gratifying to report that the Million-Dollar Campaign for a Greater Morris Brown University is in process and already considerable progress has been made locally and throughout the state in the crystalizing of sentiment and the actual raising of funds.

Bishop J. S. Flipper, the Chancellor and President of the Board, is the General Supervisor, and Dr. W. F. Boddie, Cashier of the Citizens Trust Company, is the Campaign Manager. This is one of the most advanced steps the race has yet taken in the raising of funds for educational purposes and will not only place Morris Brown University on a firm foundation, but will, if successful, immortalize Bishop Flipper and the men of Georgia.

THE NEW ERA

Seldom, if ever, has an institution found itself so fortunate in location, outlook and ideals. The South is at the dawn of a new day in education and Morris Brown University must either progress with the other great and growing institutions or be trampled under foot or limp to one side and see the procession go by, leaving her in the dust of decay. However, while Bishop Flipper leads and the spirit of the fathers live, "Marching" will ever be the watchword.

STANDARDIZATION

The Academic achievements of Morris Brown is a challenge not only to the church but to the entire South. It is a challenge that the friends of education and lovers of the race dare not ignore. All honor to the Chancellor, the loyal ministers and laymen of the state for past achievements, but even they will not suffice. In this day of everchanging educational requirements and standards, the demand is to build a GREATER AND MORE USEFUL MORRIS BROWN.

After all, what is a University? A group of buildings and hundreds of students do not make a University. A University must have men, ideals and standards—money for buildings, equipment and operating expenses; scholarly men—men who are lovers of learning and are animated by even greater love of God and man—for a faculty; ideals of character and conduct which tend to develop the higher and noble side of students' nature; standards of training which insure that a student will receive what a University purports to give—instruction of the quality expected and approved by the highest accrediting agencies—these are some of the things for which we crave at Morris Brown.

Alumni Who's Who

DERMIS CURA COLLEGE OF HAIR AND BEAUTY CULTURE

*WHY NOT LEARN A SYSTEM THAT HAS PROVEN IT'S MERIT
TO OTHERS?*

The Dermis Cura System of Hair and Beauty Culture originated by Mme. M. Driskell after years of scientific study and experience, has proven itself profitable to the hairdressers in three distinct ways. First—in sanitation, second—in helping them to establish a reputation for treating successfully the most obstinate troubles that imperil the hair and scalp, third—from a standpoint of financial returns. If you feel that you too, may benefit by adopting an up-to-date method, a method that is rapidly spreading throughout every State in the Union write for particulars. : : : : :

Dear Madam:

I am glad I became a Dermis Cura agent. Everybody is crazy about my work.

Your agent,
MRS. LAURA WATTS,
Augusta, Ga.

Dear Madam:

Enclosed find enrollment fees for two new agents. I am doing all I can to put Dermis Cura over-the-top in Newark and am having a wonderful success.

Yours truly,
MRS. GERTRUDE SMITH,
Newark, N. J.

THE SOCIETY "OF THE PEOPLE, FOR THE PEOPLE, AND BY THE PEOPLE"

THE IMPROVED ORDER OF SAMARITANS

Headquarters—ATHENS, GEORGIA

Lodges Throughout the U. S. A.

A FEW OF OUR CLAIMS

Organized August 12th, 1897—30 years old. No benevolent society, operating among our people is safer, more dependable or more reliable than is the Improved Order of Samaritans.

During the financial stringency of the last five years, we have not reported a shortage; therefore, our surplus grows year by year. Few, if any of the societies in Georgia, can make a similar claim.

This Order has never been in financial difficulties.

Membership and policy fees, benefits considered are cheaper than those of other insurance companies or benevolent societies. Also, our standard \$200. policy contains more benefit provisions than any policy issued by other benefit societies.

A quarter of a million dollars in ready assets make it possible for us to pay every claim immediately upon proof of death.

We have loaned A. M. E. conferences, churches and members more than \$25,000.00 in the last five years.

We invite the pastors of the A. M. E. Church to help us to establish lodges in their respective church communities. It is possible for a pastor to earn as much as \$150 on the establishment of a single lodge. Write for details of our offer.
