Making it happen

Turning a Rich Legacy into a Viable Present With a Promising Future.

Special Edition
“Making It Happen: Excellence in Performance”
Turning a Rich Legacy into a Viable Present with a Promising Future.

At the Faculty Preplanning Conference, August ’89 newly appointed Dean Rita G. Williams announced as our theme for the year. “Making it Happen”. In the interpretation which followed, she specifically referenced the many and basically needed policies and procedures which the College has developed over the past few years primarily under the leadership of Dr. Gloria Anderson and stated that her major goal would be to take them off paper and “Make them happen.” Appealing for faculty cooperation and enthusiasm toward this end, Dr. Williams commented that based on her observation, experience and reading since being at Morris Brown, the Institution has somehow managed to hold a cadre of people who could make things happen and expressed a faith that there are still some such individuals among us.
About two weeks later, I was approached by a part of the Yearbook staff who asked for help in choosing a theme for this year's publication. They vocalized concern for a theme which would be more than a slogan, one which would embrace the Administration's "Focus on Excellence" philosophy and one which would enable a finished, quality publication which will be competitive with any other.

It was a request by a new faculty colleague for me to address her Freshman Orientation Class. Her students were raising questions about Morris Brown College: The First Hundred Years that she was unable to answer, but she had been led to believe that I might. I accepted her invitation, went to the class and spent most of my time fielding questions which were really the same in different words: "how could them people way back then as hard a time as they were having build Morris Brown?" Assuring them that the logical explanation they sought did not exist, I closed the discussion with the statement "they did it".
I really do not know how helpful I was to the students nor the teacher even though they said I was; what I do know is that the experience helped me put the words of Dr. Williams in perspective.

In large measure, the Morris Brown Story is the story of the “right people being in place for the past 109 years to make things happen.

It took Steward Wylie and Wesley John Gaines in Big Bethel Church to change the agenda from “furnishing a room” to “building a school.” It took the joint efforts of AME Clergy and lay persons to put the idea on paper in 1881 and take it off with two teachers and 107 students in 1885. During the formative years, the isolationism of Morris Brown at Boulevard and Houston posed a survival threat to the college since the other institutions were located on the westside of town. The tide of AME opposition was strong but in place was the inimitable Fountain Team — Father and Son — who swam against the opposing forces and moved the college to its present location in 1932. Their action was later to be hailed as the “Big Move.”
Cecil said "I'll walk a mile for Morris Brown."
The Southern Association of Colleges and Schools which had prior to 1955 employed a dual standard for the accreditation of White and Negro Colleges declared in the same year that Negro Colleges/Universities would have five years to comply with the same criteria as the White Colleges or have no accreditation at all. By 1958, three of the Atlanta University Colleges made it; two did not. Morris Brown's problem was a financial deficit but when the Danforth Foundation gave us a challenge grant of $150,000.00, Bishop W.R. Wilkes with the loyal support of AME clergy, lay and friends; Dr. R.A. Billings and G.L. Hightower guided Alumni efforts and President Frank Cunningham tapped resources so that the collective Morris Brown spirit prevailed and the Challenge was met.
Silence is the gateway to thought... Do you like this shade of red...?

Dr. Frank Cunningham was perhaps the first President to overtly sense the need for a Morris Brown program especially to serve the aspirations and abilities of students with high intellectual capacities. He organized the President's Scholarship Council to which students were elected every spring.
The Council was monitored by a faculty committee and two students and experienced its biggest public success when the Ford Foundation funded its proposal to take 40 deserving students on an honors tour to Williamsburg, Virginia. Dr. Cunningham also set in motion the dream of a Student Union Building but it remained for President John A. Middleton to "Make it happen."
Turning a Rich Legacy into a Viable Present With a Promising Future.

With a constant attitude that Morris Brown must look better, the Griffin Hightower Building as well as the Twin Towers is to his credit.
Making It Happen . . .

Aerial view of Morris Brown College Campus . . . Fountain Hall, Georgia's 25th. Historical Landmark
Dr. Middleton used his persuasive powers to convince the Board and the faculty to accept the Food Production Management Program which was not popular for a liberal arts college at the time. It, the Program, developed into Restaurant and Institutional Management into Hotel Restaurant and Institutional Management with Dr. Harold Treadwell as one of the Prime movers and now shines as Hotel Restaurant and Tourism Administration — “turning a rich legacy into a viable present with a promising future.”

A second classic illustration of our theme is the Department of Nursing. While the records show that Morris Brown offered Nursing as early as 1935, the program was discontinued in favor of some others which were adjudged more appealing. Its revival is traceable to an observation by the Southern Association visiting team in 1979 which was that the low student enrollment, graduate productivity and cost of instruction in the Departments of Biology and Chemistry might warrant combining both units into a Department of Science. Dr. Henri Turner went into action, with strong support from President Robert Threatt, she set in motion the logistics for reviving the Nursing Program within the Biology Department which she chaired and began the development of the Allied Health Majors which Morris Brown offers today. Dr. Turner recruited Dr. Nancy Dean with whose contacts and expertise, Nursing became a department of its own. The new unit soon encountered difficulties which threatened its credibility for a season; however there came to the rescue Dr. Bobbie Primus who not only reversed the program’s direction but performed a literal miracle: every student in her two graduating classes passed State Nursing Examinations at the first taking. Her work probably eased the way to the National Accreditation which our Nursing Program was recently awarded.
Making It Happen...

File that food up, homegirl...

I'm still not finished

A well read man is a versatile man...

A beautiful smile always brightens the day...
DEDIICATION

To Eight Alumni who by the Excellence of Their Performance in Competition have turned a Rich Legacy into a Viable Present with a Promising Future for themselves and Morris Brown College

Academic and Professional Big Leaguer with the MBA, the Ph.D. and the CPA to her credit.

Former Secretary to the President of MBC, former teacher in the Morris Brown Business Department and at Atlanta University. A Former Dean of the School of Business at Atlanta University, Graduate of New York University and the University of Georgia (Ph.D.).

Member of the Governing Council of the 240,000 member American Institute of Certified Public Accountants, the American Women's Society of CPA's, the Georgia Association of Accounting Instructors. She was the first Black female to serve on the Marta Board.

Johnnie Lee Clark '52

Wininer of the 1978 Pulitzer Prize for Fiction for his collection of short stories entitled Elbow Room. The only graduate of an Atlanta University Center yet to win the prestigious award and the first Black in Georgia to receive this most coveted prize in Journalism.

Earned graduate degree in law from Harvard University, a Master of Arts degree in Creative Writing from the University of Iowa, Has taught at Harvard, Yale, University of California (Santa Cruz), University of Virginia (Charlottesville) and currently in the Creative Writing Institute at the University of Iowa.

He is a MacArthur Fellow and a member of the Editorial Board of the Atlantic Monthly Magazine.

James Alan McPherson '65

Air Force Brigadier General Albert J. Edmonds, Assistant Chief of Staff Systems for Control Command, Control, Communications and Computers, Headquarters in Washington, D.C., has been nominated by President Bush to receive his second star. If Congress approves the nomination he will become the second Black Air Force Major General on active duty. For the past twenty five years, he has served the Air Force with distinction in Continental United States, Alaska, Canada, South America, Greenland and Iceland. His Military decorations include the Air Force Commendation Medal, the Legion of Merit, Meritorious Service Medal and the Defense Distinguished Service Medal.

In addition to his graduation from Air War College, Officers Training School and the National Security Program for senior officials at Harvard University, General Edmonds holds the Master of Arts in Counseling from Hampton as well as a degree in Chemistry from Morris Brown.

Robert J. Edmonds '64

President of Carver State Savings Bank in Savannah, one of only two Black Bank Presidents in the State of Georgia. Publisher of The Port Valley Herald and owner of the Savannah Tribune which his wife publishes.

Will begin in 1990 a second term as Chairman of the National Bankers Association. Has been a Director of the National Business League, the Savannah Port Authority and the Savannah Chamber of Commerce. Was named International Business Fellow in 1983 and studied at the London, England School of Business. Received the Master of Business Administration degree from the Harvard University School of Business Chairman of the Foundation for Public Broadcasting (Georgia, Director of the South

Robert Earl James '68

Atlantic Foundation, Board member, Georgia Telecommunications Commission Vice Chairman, National Board of Directors, a member of its Executive Committee and Chairs its subcommittee on Budget and Audit.

Named by Ebony Magazine as one of the most Influential Black Americans (1978) and one of Five Outstanding Young Men in Georgia by the Georgia Jaycees (1975).

He is a Trustee of Morris Brown College.

Dedication
resident of Renaissance Capital Corporation since May, 1988. Former Senior Vice President of Training and Compliance in the Credit Administration Division of the First American Bank of Georgia. Former Assistant vice President of the Trust Company Bank of Atlanta.

Member, Governor's Advisory Committee on Capital Markets, Treasurer, Atlanta Business League; Board Member, USO Council of Georgia; Vice President, Atlanta Habitat for Humanity. Recipient, First Annual Pioneer Award for Exemplary Performance in Banking from Atlanta Urban Bankers Association; Awarded Distinguished Corporate Alumni Certificate from National Association for Equal Employment in Higher Education (1985).

Graduate, Stonier Graduate School of Banking, Rutgers University. Graduate (Certificate) National Commerce Lending School at the University of Oklahoma.

He completed the International Credit and Risk Analysis Seminar at The Colgate Darden Graduate School of Business Administration — University of Virginia.

Deputy Chief of Police in charge of the Criminal Investigations Division of the Atlanta Bureau of Police Services. Graduate Study and Training completed at Georgia State University, the University of Virginia, the National Academy of the Federal Bureau of Investigation with additional Criminal Justice credits earned in 1983. Appointee to the United States Attorney General's working Group on Reducing Violence in America, the National Executive Session on Policing of Harvard University and the Bureau of National Affairs Personnel Policies Forum.

Named in 1989 by Dollars and Sense Magazine as one of the “Top 100 Africa-American Business and Professional Women. Member Governor's Task Force on Police Stress, recipient “Trailblazer Award in Law Enforcement” in 1986.

She was selected by Atlanta Magazine as one of “Atlanta's Top 100 Powers to Be.”

A CPA who earned the Master of Business Administration from Harvard University. Member of the American Institute of Certified Public Accountants, the National Association of Black Accountants and the AICPA Government Task Force Sub-Committee.

Board member of the Southern Education Foundation, the Metropolitan Atlanta Crime Commission, the USO of Georgia and Atlanta Arts Festival.

Community Relations Regional Manager for the Adolph Coors Company with responsibility for corporate involvement in 15 Southeastern States. Now based in Atlanta Ms. Mack is employed by Golden Colorado Headquartered Company as Assistant Manager of Special Markets, Former, Assistant National Program Director.

Board Member of National Association of Media Women, Inc. and 100 Black Women. Since 1977 has been cited as “Media Woman of the Year,” “Marketer of the Year” One of ten Women in Business and Industry honored by the YWCA of Greater Miami and the YWCA of Denver Colorado.

She was named by Ebony Magazine as one of the 100 Best and Brightest Women in Corporate America. She is National President of the National Association of Market Developers.
The Threat Years saw the completion of the John Henry Lewis Health Physical Education and Recreation Complex: E.A. Ware School/Jordan Hall and additional land holdings. Jordan Hall honors the name of AME Bishop Frederick D. Jordan who in 1976 gave Morris Brown $250,000.00 during the General Conference which met in Atlanta. Income from the investment now provides scholarships funds in excess of $30,000.00 for students who meet the criteria.

Time moves in cycles and in 1985 circumstances demanded that Morris Brown’s fiscal stability be strengthened to rescue the College from the razors’ edge of trouble. The Board of Trustees elected Dr. Calvert H. Smith as the thirteenth President of Morris Brown and gave him a mandate: balance the budget. He made it happen in one year. The student population was on a steady decline. President Smith employed a fantastic recruiter named Tyrone Fletcher and the enrollment has doubled in five years. Additionally, Dr. Smith established the Presidential Scholars Program to attract a large number of students with high SAT scores and impressive grade point averages to the college.

The number of applicants now exceeds the amount of funding.

And so it is that the 109 year Morris Brown Story can be told in terms of people who in their own styles have been able to engender the enthusiasms, inspire the supports, motivate the achievements and develop the discipline/skill/appreciation necessary to make whatever Morris Brown needed happen. The institution stands as a symbol of their success as measured by the heights of achievement which her graduates have reached in competition. There are upwards of six thousand in the market place who are making creditable contributions to the advancement of society. For this, the first all Alumni dedication of the Yearbook so proudly do we salute eight of the higher achieving graduates whose accomplishments place them in a class by themselves.

Alumna Vera L. Benton
Associate Professor of English ‘46

Homecoming Game — Bulldogs of A & M -vs- Wolverines

Sophomore quarterback Tracy Kendall threw for two touchdowns and ran for another as Alabama A&M's defense brutalized Morris Brown 40-13 in a Southern Intercollegiate Athletic Conference win at Herndon Stadium Saturday.

The loss spoiled Morris Brown's homecoming and left coach Greg Thompson's Wolverines with a 3-5 overall record, 3-3 in the SIAC.

Kendall, who passed for 206 yards, hit Marise Houston with a 14-yard touchdown pass on Alabama A&M's first possession. He also scored on a 2-yard run in the second quarter and hit split end Barry Wagner with a 25-yard scoring toss in the third.

Wagner, the game's leading receiver with seven catches for 97 yards, broke two school records set by former NFL great John Stallworth. The 6-foot-1, 185-pound senior from Greensboro, Ala., holds single-season (53) and career (109) receptions. Stallworth pulled down 48 catches during his best year and 103 during his career.

With the win, Alabama A&M moves to 5-3 overall and 4-0 in the SIAC.

It was a triumphant homecoming for Kendall, an Atlanta native who prepped at Therrell High School.

"There's no better feeling than coming home and playing well in front of the home folks," he said.

Alabama A&M's defense bullied Morris Brown from the game's opening series to the final gun.

Led by linebacker Todd Woulard, the Bulldogs defense sacked quarterback Rondal Griffin eight times, forced four turnovers and allowed only 15 rushing yards on 31 attempts.

Woulard personally hammered Griffin into the Herndon Stadium turf five times.

Cornerback Cleveland Crutcher set up Alabama A&M's first touchdown when he blocked Vincent Gamble's punt on Morris Brown's initial offensive series.

Taking over at the Wolverines' 12, Kendall needed only two plays to get Alabama A&M on the scoreboard.

Bernard C. Watson, Penn Foundation counselor, and interdent of Social and Urban Education.

In 1967, Dr. Watson was appointed by the National Urban Coalition and subsequently served as the National Urban Coalition and Urban Education. He played a key role in organizing the University of Pennsylvania's Governor's Commission on Urban Education.

Dr. Watson has been involved in various organizations, including the University of Pennsylvania's Governor's Commission on Urban Education and the Pennsylvania State Convention for several corporate entities.

Dr. Watson has lectured at many universities, including the University of Pennsylvania and the University of Chicago. He has been a member of the University of Chicago's Board of Trustees and a member of the University of Pennsylvania's Board of Governors.

Dr. Watson has won several awards, including the University of Pennsylvania's Distinguished Service Award. He has also been awarded the College of Education's Outstanding Alumni Award.

Dr. Watson works with the City of Philadelphia's Charter High School Network.
Dr. Bernard C. Watson guest Speaker President and Chief Executive Officer of the William Penn Foundation in Philadelphia, Pennsylvania

THE COMMENCEMENT SPEAKER
DR. BERNARD C. WATSON

Dr. Bernard C. Watson is President and Chief Executive Officer of the William Penn Foundation in Philadelphia, Pennsylvania. He has been a teacher, principal, and principal in the public schools of Indiana, Deputy Superintendent of School District of Philadelphia, a Professor of Urban Studies and Education, and Academic Vice President of Temple University.

Dr. Watson was appointed by President Lyndon Baines Johnson to the Advisory Council on Education Professions Development and served as Vice Chairman of the Council. In 1980, he was appointed by President Jimmy Carter to the National Council on Educational Policy. He is Senior Vice Chairman of the Board of the National Urban Coalition and a member of the Executive Committee of the Board of the National Urban Coalition. He serves or has served as a trustee or board member of many organizations, including the Public Interest Law Center of Philadelphia; the City Science Center; Saint Christopher’s Hospital for Children; the Commission on Basic Education; World Affairs Council; the National Commission on Work, Family, and Citizenship; the Council on the Arts (Vice Chairman); and the Pennsylvania Public Interest Authority (Vice Chairman). Dr. Watson also serves on a number of boards.

Dr. Watson is the author of a book, In Spite of the System, 13 monographs, 13 books, a set of 100 career folios published by Harcourt, Brace, Jovanovich, and more than 35 articles in professional journals. He has been a visiting professor at colleges and universities throughout the United States.

Among many honors, Dr. Watson has a graduate seminar room named after him at Temple University, and an annual cash prize is presented for the best social science dissertation in his name. He is the recipient of numerous honorary degrees.

Dr. Watson received his baccalaureate degree from Indiana University and his master’s degree from the University of Illinois. He earned his Ph. D. degree at the University of Chicago and has done postdoctoral work at Harvard University.

Dr. Watson’s wife, Lois, a graduate of Purdue University, is a librarian who computer-assisted instruction in “Project Attain,” School District of Chicago. They have two children, a daughter, Barbara, a student at Temple University, and a son, Bernard, Jr., a student at William Penn School.
Bishop John Hurst Adams
Bishop of the 6th District AME Church and
Chairman of The Board of Trustees

Bishop John Hurst Adams, founder of the Congress of National Black Churches, the Senior Bishop of the African Methodist Episcopal Church, and President of the General Board of the A.M.E. Church, is the son of Reverend and Mrs. E.A. Adams of Columbia, South Carolina. Bishop Adams distinguished himself by his rich history of academic excellence, and by his untiring leadership within the Black community. He has earned an A.B. Degree from Johnson C. Smith University, S.T.B. and S.T.M. Degrees from Boston University, and has also done further study at Harvard University and Union Theological Seminary.

Prior to his election to the Episcopacy in 1972, Bishop Adams served the church as Pastor of Bethel A.M.E. Church in Lynn, Massachusetts; as Chairman of the Department of New Testament Studies at Payne Theological Seminary, Wilberforce, Ohio; as President of Paul Quinn College, Waco, Texas; as Pastor of First A.M.E. Church, Seattle, Washington; and as Pastor of Grant A.M.E. Church, Los Angeles, California. Bishop Adams was elected the 87th Bishop of the African Methodist Episcopal Church in 1972 and was assigned to the Tenth Episcopal District (Texas) where he served eight years as Bishop. He was then assigned to the Second Episcopal District (Maryland, District of Columbia, Virginia, North Carolina) where he served eight years. He now serves the Sixth Episcopal District (Georgia) and is Chairman of the Morris Brown College Board of Trustees.

Among the honors bestowed on Bishop Adams are: Doctor of Divinity, Payne Theological Seminary (1956); Man of the Year, B’nai B’rith (1964); Man of the Year, Urban League (1965); Doctor of Humanities, Paul Quinn College (1972); Doctor of Laws, Wilberforce University (1976); and the National Association for Equal Opportunity (NAFEO) Leadership Award (1982).

In 1984, Bishop Adams was recognized by Ebony Magazine as one of the 15 Great Black Preachers in America. He received an award from Africare for outstanding leadership and the Distinguished Alumni Award from Boston University. In 1987, Bishop Adams was presented the National Clergy Award from OIC, a Doctor of Humane Letters from Johnson C. Smith University, and the SCLC Ecumenical National Black Churches (CNBC), an ecumenical organization comprised of the major black denominations.

Bishop Adams is married to Dr. Dolly D. Adams and they are the parents of three daughters and two grandchildren.

Board of Trustees
First Family: from left to right; Mrs. Carrie Flowers Smith, Natombi L. Smith, Stephanie Lauren Jackson, Mrs. Melanie Smith Jackson; Standing from left to right; President Calvert H. Smith, Calvert H. Smith, Jr., Mr. George Jackson
Calvert H. Smith was born in Council Bluffs, Iowa, and reared in Chicago, third in his class form George Washington Carver High School in June 1954.

In 1958 he was awarded an athletic scholarship to Winston-Salem State University in Winston-Salem, North Carolina. While attending Winston-Salem, he was an active participant in athletics, serving as a catcher on the baseball team and on the football team as offensive guard and defensive linebacker. He was all-conference in baseball his junior year and captain of both the baseball and football teams his senior year. In 1959 Calvert graduated Summa Cum Laude from Winston-Salem receiving the Bachelor of Science Degree in Education. In February 1964 Dr. Smith received the Master of Education in Guidance from DePaul University and in June 1969 he received the Doctor of Philosophy Degree in Educational Administration from Northwestern University.

He began his career in education by serving as a teacher and coach in North Carolina from September 1959 through June 1960. From 1960 through 1963, he worked as a teacher in the Chicago Public Schools and as assistant principal of the Central YMCA High School successfully for two years. In September of 1968, Dr. Smith began his career in higher education by accepting a joint appointment with Northeastern Illinois University in Chicago and Northwestern University in Evanston, Illinois. From 1971 through 1975, Dr. Smith served as chairman of the Department of Urban Affairs, professor of Educational Administration and Assistant dean of the College of Education at the University of Cincinnati.

In January 1975 Dr. Smith was offered the opportunity to serve as superintendent of the Kansas City, Missouri, school system and as president of Olive Harvey College in Chicago; however, he decided to broaden his knowledge of managerial techniques in an industrial setting by accepting a position with the General Electric Company as manager of Organizational Development and Personnel Relations. In July 1977 Dr. Smith rejoined the staff of the University of Cincinnati as Vice-Provost for Continuing Education and Professor of Educational Administration. In August 1984 Dr. Smith accepted the presidency of Morris Brown College, the position he now holds.

During the last 18 years, Dr. Smith has served as educational consultant to state legislatures, school districts, universities and community groups throughout the country. In the midst of performing his responsibilities, Dr. Smith has found time to publish two books and to author numerous articles. Among his awards are his selection as the Outstanding Black Educator in the State of Illinois (1969), his selection as one of the 29 in a nationwide search for participation in the Rockefeller Internship Program (1972) and his selection as Who’s Who Among Black Americans (1974).

Dr. Smith has been active in church activities where he has served in several capacities including Sunday school teacher, advanced Bible class teacher of director of the Board of Christian Education.

Included among his community activities are membership on the Board of Directors of the Alliance Theater, membership on the board of the Martin Luther King, Jr., Center for Nonviolent Social Change, membership on the Board of Directors of the Collection of Life and Heritage and membership in the Atlanta Ballet Society and the Atlanta Chamber of Commerce.

Dr. Smith is married to the former Carrie Flowers of Goldsboro, North Carolina. They are the proud parents of Melanie Roslyn Smith Jackson, Calvert H. Smith, III, and Natombi Lynette Smith.

The Morris Brown Story

On October 15, 1885, just 22 years after Abraham Lincoln signed the Emancipation Proclamation, 107 students and nine teachers walked into a crude wooden structure at the corner of Boulevard and Houston Streets in Atlanta, Georgia, marking the formal opening of the first educational institution that was and is Morris Brown College, named to honor the memory of the Second Consecrated Bishop of the African Methodist Episcopal Church. The circumstances which evoked the founding of Morris Brown are traditionally linked to a visit by a group of Clark College trustees to Big Bethel Church to interest the A.M.E. supporters in furnishing a room in Clark College. Why can’t we build a school of our own? These words ignited a flame in the mind of the Reverend Wesley John Gains and during the North Georgia Annual Conference at Big Bethel, he introduced a resolution calling for the establishment in Atlanta of an institution for the moral, spiritual, and intellectual growth of Negro boys and girls. The steps between the resolution and the opening were few and simple: The Georgia Conference was persuaded to join in the endeavor, an assembly of trustees from both conferences convened in Big Bethel Church and selected the Boulevard site, and the State of Georgia granted a charter to Morris Brown College of the African Methodist Episcopal Church in May 1885.

The fact of its founding as a child of the Church not only determined the institution’s philosophical trust, but also created a system of support which functioned to channel its early energies toward developing programs to serve the needs of students from low socio-economic backgrounds. For, financially dependent upon a denomination whose constituency was, at that time, primarily unskilled, untrained and economically unstable, the College, in order to survive, had to absorb into its enrollment a large segment of underachieving students whose parents were loyal supporters of the Church that kept its doors open.

What began as a survival strategy for Morris Brown in 1881 became the liberation cry for the Black masses and the country at large in the 1960’s. At the point of higher education, that cry was heard in the institutions — Black and White, large and small, state and private — in the form of pressures to develop programs in tune with the needs of economically disadvantaged youth. For Morris Brown, however, it was a matter of doing what came naturally — better and more effectively.

If there is a uniqueness about Morris Brown, it is perhaps a kind of institutional flexibility based on the assumption that a college can serve the needs of students with the educational handicaps of substandard environments without betraying the talents and abilities of those with high intellectual capacities. In a campus atmosphere conducive to well balanced growth, and academic programs consisting of course content, course requirements, and teaching methods geared toward the preparation, motivation, and achievement levels of both types has not only inspired average and better than average students to great heights of achievement in competition, but has also transformed sensitive “high risk” students into performers far better than their credentials would suggest them capable.

Morris Brown College has maintained full and continuous accreditation by the Southern Association of Colleges and Schools for the past 46 years.

Heads of the college have always been Black and included two women and 14 men. The current leader, Dr. Calvert H. Smith, is the 13th president of the college and has been on the board since 1984.

Phi Mu Alpha
At the inception of Delta Sigma Theta Sorority, Inc., in 1913 at Howard University, the twenty-two Founders envisioned an organization of college women pledged to serious endeavor and community service. These youthful students demonstrated a vital concern for social welfare, academic excellence, and cultural enrichment, and de-emphasized the social side of sorority life. Their ideals of scholarship and service have withstood the test of time; and today Delta Sigma Theta is a private, non-profit organization whose purpose is to provide services and programs to promote human welfare through a sharing of membership skills. In 1930, Delta Sigma Theta was incorporated as a national organization. The record on incorporation is filed at the Congressional Library in Washington, D.C.

As a sisterhood of approximately 125,000 predominantly Black college-trained women, the sorority has over 700 chapters nationwide and internationally, in West German, Haiti, Liberia, the Virgin Islands and Nassau, Bahamas.

Soror Juanita Williams '88
AND GOD SAID . . .
I'll make me a Woman
  A woman of essence,
  A woman of pride,
  A woman who is capable of
  Putting trivial things aside.
A woman of individuality
  A woman of love,
  A woman who is enfranchised
   With the pearls from
   above.
A woman who is genuine
  A leader of integrity.
God said . . .
I'll make me a Real Woman
  I'll call her

ΔΣΘ Sorority, Inc.
Kappa Alpha Psi — our noble past was preparation. The future as well as the present is committed to the memory of a man and his dream. His was a dream of brilliance in a world of racial strain.

We are prophets of the "Dreamer." Energetically, we dedicate our lives to Phi Nu Pi, as did the first ten in the bond before us.

The “Men of Kappa” are forever climbing higher, higher toward goals in Phi Nu Pi.

From the first ten in the Bond, the brotherhood has grown to the largest of its kind in the country. Many great men have become part of this growth. Our own faculty has in its ranks many who have crossed those crimson and cream sands with goals of achievement instilled in their hearts.

“When the final day will come
And we shall look upon the scroll
You will notice the names of Kappas
On that golden honor roll.”

AKA Sorority, Inc.
"SKEE — WEE"

Alpha Kappa Alpha Sorority, Inc. was founded in 1908 at Howard University in Washington, D.C. Through the years Alpha Kappa Alpha's program has had as its chief aim "service to all mankind." The point of focus has shifted from time to time and will continue to do so as a necessary part of growth and change. However, there has always remained the constant purpose to cultivate and encourage high scholastic and ethical standards, to promote unity and friendship among college women, to study and help alleviate problems concerning girls and women, and to maintain progressive interest in college life.
Alpha Phi Alpha was founded on December 4, 1906 on the campus of Cornell University-Ithaca, New York, Henry A. Callis, Charles E. Chapman, George B. Kelly, Eugene K. Jones, Nathaniel A. Murry, Robert H. Ogle, and Vertner W. Tandy took the courageous step to establish this prestigious order of men. The fraternity has over 200,000 members world-wide and has over 500 chapters. On the campus of Morris Brown College, the Chapter was founded on March 10, 1941 by four Talented Men; B. T. Harvey, A. J. Lewis, H. Murph and A. P. Graves. This Chapter has produced over 500 Elite Men of Alpha who continue this great fraternity tradition of excellence.

ΩΨΦ “Friendship is essential to the Soul”

Manhood, Scholarship, Perseverance, Uplift . . .

ΩΨΦ Fraternity, Inc.
"Eight men thoroughly immersed in the true Omega spirit are of far greater assets than eighty with luke-warm enthusiasm."

Alpha Sigma Chapter was chartered May 25, 1935, in an effort to spread the four cardinal principles of the Fraternity. Omega Psi Phi Fraternity, Inc. was built upon faith. Because they had faith, their founders were able to establish one of the finest organizations existing today among men.

Omega was founded on the principles of Manhood, Scholarship, Perseverance, and Uplift which inspire the enthusiastic leadership among them. Whenever there is a social or cultural void on the college campus, there is an Omega Man to fill it. There will always be an Omega Psi Phi Fraternity.
The Zeta Chapter of Phi Beta Sigma Fraternity, Inc., hails Sigma Nationally and Campus-Wide. Phi Beta Sigma is widely recognized as a leader among Greek-letter fraternities. For now, sixty years after the adventurous three founders first unfurled the banner of Phi Beta Sigma, leaders in every walk of life from the Canadian borders to the Gulf and from New England to the Golden Gates have been attracted by its programs, its inspiration, and its lofty ideals. “Culture for Service and Service to Humanity.” Sigma’s slogan and goal takes a deeper significance as years roll on.

The men of Zeta Chapter here at Morris Brown are a group of well-rounded individuals who believe in the dignity of simplicity. The men of Zeta Chapter hold a chain of fellowship, a fountain of culture, a revelation of supreme brotherhood and leadership in the progressive program for the good of humanity.

College Hymn

Music by: Professor E. W. Hathcock
Words by: Mr. Milton Randolph

Alma Mater, pride of earth,
Gav’st to me another birth,
Haven for all hungry souls.
Feeding them shall be thy goal.
Ever let thy banner be,
Emblem of the brave and free,
And welcome true to everyone
Until Thy work is done.

Hail to Thee, maker of men,
Honor to Thee, once again,
Sacred truths on firmest ground,
Hail to thee, Dear Morris Brown
To her precepts praise accord,
To them may we e’er be bound,
And bow and thank the gracious Lord.
For dear old Morris Brown

1989 “Wolverine” Outlook

The “Wolverines” will head into the 1989 Football Season under the direction of Head Football Coach Greg Thompson who is entering his eighth season with an overall record of 36 wins, 35 losses; and 4 ties. Although the Wolverines are returning 35 lettermen from the 1988 unit, they will surely miss the services of probably the most talented group of Seniors to leave Morris Brown in recent years, according to Coach Thompson.

Sizing up the 1989 Wolverines Offense — The Wolverines are hoping that 5’9”, 160 lb., JR, Wide Receiver, Russell Cambridge, can provide the game breaking capabilities of last year’s sensation Lionel Camel. Look for 6’0”, 180 lb., SR, Sean Dupree; 5’9”, 165 lb., JR, Eddie Miles; and 5’11”, 160 lb., SO, Camiel Grant, a member of the Academic All Conference Team in 1988 to Challenge for playing time on the other side. The head of the Wolverines offense will be the young but talented Offensive Line, coached by former Atlanta Falcon All Pro Tight End Jim Mitchell. 6’0”, 260 lb., JR, Albert Carter, from East Atlanta High School, will anchor the center. The Guards are; 6’0”, 246 lb., JR, Benny Lee from Atlanta’s Douglas High; and 6’1”, 225 lb. SO Charles Stuekey and 6’2”, 220 lb., SO, Corey Norris. Both started as Freshmen in 1988, 6’2”, 215 lb., JR, All SIAC. Atlanta Journal/Constitution All State Tight End Micah Battle will be counted on to shoulder some of the offensive load. SO strong man Jerald Dalton, 6’0”, 235 lb., from Atlanta Fulton High will handle the duties at Fullback. The competition at Running Back will be interesting to watch. The top candidates are: Incumbent Alexander Simmons, 5’9”, 180 lb., JR; and Dennis Davis, 6’0”, 185 lb., SO, who shared duties in 1988. Derek Sibley is returning after a year off because of academics; he was the Wolverines top rusher in 1987. The big question is who will step forward and take charge of the Quarterback position. SR, Tyrone Barnes, 6’4”, 190 lb., who has played sparingly during his tenure, is the front runner coming into camp. SO, Rondal Griffin, 6’0”, 185 lb., who was redshirted in 1988, will push for the starting job. The surprise could be Lorenzo Camel Lionel’s little brother, 5’9”, 160 lb., outstanding Spring practice.

Sizing Up the Wolverines Defense — The Wolverines will have to fill some big shoes on this side of the ball. After having one of the strongest units in the Conference the past four years, this unit is suspect. Missing is All American Lineman of the Year Tony Robinson; All Conference Cornerback Charles Dowers; All Conference Linebackers Allen Freeman and Anthony Campbell. Royal Reed, 5’11”, 200 lb., SR, is expected to lead this unit from his inside linebacker position. He is expected to be accompanied by Johnnie Brown, 6’5”, 205 lb., JR; Kelvin “Rombo” Williams; and 5’11”, 200 lb., JR, Ivan Hogans. Look for Allen Anderson, 6’0”, 210 lb., Eric Thomas, who sat out in 1988, will provide muscle to this unit. The secondary will be the most experienced of the defensive unit with three starters returning. Leading this unit is All American and All Conference Strong Safety Steve Calhoun. The 6’1”, 215 lb. SR, led the Conference with 8 interceptions in which two were returned for TD’s. Donald Holmes, 6’0”, 175 lb., JR, will handle the Free Safety spot. Last year’s Rookie of the Year, Steven French, 6’0”, 180 lb., is the Right or Corner. Charles McKinney, 5’10”, 165 lb., JR; Clayton Stroud, 6’0”, 175 lb., SO; and Vincent Gamble, 5’10”, 165 lb., will challenge for the left Corner.

The Defensive Line will have to come of age early for the Wolverines to continue their defensive tradition. JR, Stefan Shiloh, 6’0”, 225 lb., has moved to Defensive End permanently, from a Linebacker position, to provide experience. JR, Rondal Griffin, 6’2”, 250 lb., will switch from Nose Guard to the other Defensive End spot. Eugene Watkins, 5’11”, 240 lb., is expected to man the middle at Nose Guard.
A bad snap forced Morris Brown punter Vincent Gamble (left) to run, but he was able to pick up a first down before being tackled by Clark's Mallard Hamilton.

Skegee Holds Wolverines Late In 4th Quarter To Win 23-17

Tuskegee Holds On to Win 23-17

By Ken Elder
Special to the Journal-Constitution

Tuskegee University stopped Morris Brown on four straight plays inside the one-yard line late in the game to preserve a 23-17 SIAC conference victory Saturday afternoon at Herndon Stadium.

The Wolverines (1-2) started the drive at their own 34 with 7:59 remaining. Quarterback Rondal Griffin drove the team inside the Tiger one, as he completed four passes for 66 yards on the drive. Griffin finished the day 12-31 for 177 yards, one touchdown and two interceptions.

The Tigers defense stiffened and four consecutive plays up the middle all came up short as the last serious Morris Brown threat was stopped with 4:26 remaining in the game.

The Tigers (1-1) took the lead for good on the last play of the third quarter. Quarterback Maurice Heard threw a seven-yard touchdown pass to Dedric Streeter giving the Tigers a 20-17 lead.

Brian Gary's 32-yard field goal increased the Tigers lead to 23-17 with 8:04 remaining.

Morris Brown led 14-13 at the half as Dark Sibley scored from three yards out in the first quarter and Griffin threw a 10-yard TD pass to Micah Battle in the second quarter.

Morehouse -vs- Wolverines

M. Brown Rallies to 20-14 Win

By Bill Johnson
Staff Writer

Backup quarterback Tyrone Brown's 11-yard scoring pass with just over a minute left in the game Saturday lifted Brown to a 20-14 win over Morehouse in an SIAC game marred by a bench-clearing brawl in the fourth quarter.

Morehouse (1-3, 1-3 in the SIAC) led 14-13 with 7:19 left when Morris Brown starting quarterback Rondal Griffin went down with a rib injury.

Brown had just delivered what appeared to be a drive-killing incomplete pass on third-and-10 at the Brown 41, but linebacker Moore stood over Griffin and was flagged for unsportsmanlike conduct.

Brown quickly capitalized on the opportunity, hitting tight end Battle on a crossing pattern two plays later.

Sophomore running back Derk Sibley burst up the middle for 15 yards two plays later.

Morehouse again seemed to have brought the drive to a halt when Barnes, the Tigers' quarterback, threw an incomplete pass on first-and-10 at the 17. But it went against Morehouse (2-4, 0-4 in the SIAC) on third-and-10 at the Morehouse 14.

"To me, it was the turning point," said Brown. "That punt return killed their drive run and they had to punt again."

Two plays later, Morris Brown running back William Lee ran for 14 yards up the middle, and Brown capped the drive when he hit Courtney Phillips in the end zone on a six-yard scoring pass.

Junior defensive back Ivan Huggins killed Morehouse's next possession and touched off the brawl when he picked off Davis's pass at the Tigers' 40.

Both teams and a number of fans rushed out onto the field to exchange blows before officials cleared the area.
Morris Brown

The Morris Brown trustees, prompted by the issue of a school trustee who is a student journalist,_eps the school's athletics program, including its football team, and has decided to discontinue the basketball series with Morehouse College.

Morehouse athletics director, said Morris Brown's decision, "doesn't bother me. It's a clear case of overreacting."

Added Hunt, who was in Salisbury, N.C., Friday night scouting a future opponent, "It's stupid. It's ludicrous. I just don't understand it. We don't feel any malice toward them. I don't see myself dropping games when they come calling.

Brown basketball coach, said that the decision of the board to terminate the series, also was unwelcome. He released a statement that read in part:

"The school is responsible for what happens during the games," said Thompson. "We have to worry about these games when they come calling."

This was the first incident of such a thing, but we're very concerned about the safety of everyone. I'm not sure that we would never play them again."

Thompson said the cancellations of the football series could cause problems with the Southern Intercollegiate Athletic Conference, which includes the two schools, but added that he was not concerned.

"The school is responsible for what happens during the games," Thompson said. "We have to worry about that first."

SR/DR Steve Calhoun leading the offense line up for the next play.

Miles quarterback Jonathon Brumby (15) escapes the grasp of Morris Brown's Rondal Griffin and top receiver Russell Cambridge, the Wolverines could manage only 149 yards of total offense.}

By J.C. Clemons
Staff Writer

Morris Brown's Jonathan Thompson didn't feel team's victory that bad. One week after a 42-0 loss over rival More, Wolverines reigned on the process. "That was a tough one," Thompson said. "Wolverines stumbled to a 13-0 win over More College atium.

Although Morris Brown proved to 3-4 overall in the Southern Intercollegiate Conference, an incompleted offense nearly put fans to sleep.

With four starters missing, including quarterback Rondal Griffin and top receiver Jonathon Brumby (15), the Wolverines were feeling the pressure. Sometimes, youngsters
own defender Tyrone Holmes (55) on a three-yard gain.

**Tubborn Miles 13-0**

Defensive coordinator Tyrone Holmes (55) on a three-yard gain.

They always going to play hard, no matter what,” said Holstein, a 6-1, 235-pounder who played at Therrell High. “I don’t play football for the girls and all that other stuff, and if I give my best effort I’m satisfied.”

Bellamy added that Smith, a long-time defensive coordinator, emphasizes hard hitting.

“He prepares us to play physical,” said Bellamy, from Southwest DeKalb. “Morris Brown knew it was in a game; those two touchdowns were presents.”

Marcus Haynes is showing he is in Charge!
First Of All A Man Must Be Able To Dream

Show me a man who never dreams, and I'll show you a man without a wish.

Show me a man who dreams of the man he would like to be, but lacks the sand to pay the price, and I'll show you a man who will achieve only moderate success. He is, you see, the average man.

Show me the man who, with dreams of a champion, has the courage to preserve, and I'll show you a winner.

Without a dream there can be no beginning. But, for the man who dreams, who knows the formula for true greatness and steers his course by it, though he may be of only moderate ability, he is certain to attain much higher goals than had the steered some easier course! And for the a man who is richly endowed there is no telling how great he may become.
Wolverettes Basketball 1989-1990

Mr. Ken Jones — Head Coach
Mrs. Allison Prater — Assistant Coach

Seniors: Sitting: Pam McGee, Standing from Left to Right: Carmen Marshall, Deseray Johnson, Wannette Castleberry

S E A S O N  O U T¬L O O K
The 1989-1990 season outlook for the Morris Brown College “Wolverettes” is one of optimism and anticipation. The “Wolverettes” will be trying to regain respect within the SIAC. This will be Coach Ken Jones second year with the team. And it’s his feeling “there is only one way to go and that’s up.”

The Wolverettes will be returning several letterman from last year. The group of returnees will be lead by Ms. Pamela McGee, the teams leading scorer. Ms. Kim Lewis will also be returning. Kim was second in scoring and second in rebounding last season. Joining them will be Ms. Wannetter Castleberry and Ms. Carmen Marshall who provides outside shooting. These ladies plus Ms. Lattrina Lewis and Ms. Deseray Johnson make up the returning veterans.
Purple Machine Loses To Columbus Cougars by Five!

Top Right: #13 Mark Phinisee is showing defense as well as good offense
Bottom Right: Hold on Purple Machine, hold on!

#23 Marcus Haynes is showing good defense against the Cougars of Columbus College.

#10 Reche Smith and #14 Corey Hadley making the Cougars work for two points.

#40 Donald McKinnis and #14 Corey Hadley know two heads are better than one.
Wolverettes Loses To A & M Bulldogs 82 — 67
The "Wolverettes" strength however will come from it's newcomers. It's here that Coach Jones feels there has been much progress. "With this group of newcomers, I feel we're helping ourselves at every position." The group will be lead by Ms. Tammy Dawson, a junior college transfer from Gordon Junior College in Barnesville, Georgia. Tammy was Gordon's all time leading scorer during her tenure there. "She'll give us inside scoring and leadership," says Coach Jones. Joining the group will also be Ms. Betty Benton from Brown High School here in Atlanta, Georgia. "Betty pushes the ball up the floor well, she just needs time," Another local product is Ms. Telicia Davis out of Therell High School in Atlanta, Georgia. "Telicia plays a wide variety of positions and is another one who just needs time." Other newcomers are Ms. Terryann Downing out of Jeffersonville, Georgia. "Terryann is an excellent rebounder and inside player who will help us out right away." Ms. Tonya Coleman from San Diego, California is a 5'10" forward/center who has a fine touch and runs the floor well. Also, joining this group will be Ms. Robin Clark who was red-shirted last year, died to injury also, will help our inside game. Robin is out of Michigan and a transfer from a Florida Junior College. Then there's Kim Wright a point guard out of New York City who's a fine ball handler. It's with this nucleus of new players that Coach Jones feel that the "Wolverettes" will march back to respectability within the SIAC.

S.G.A.
The Student Government Association (S.G.A.) is a unique organization officially representative of all undergraduate students enrolled at the college. Its primary objectives encompass the tasks of fostering intellectual programs that may be informative instruments, providing a means through which students become more familiar with the college, its objectives and aims, its role in our constantly changing educational structure; our government both state and national level, the part they play in shaping our lives and issues of world-wide importance that serve as guidelines to determine the future of man.

Election To The Student Government carries with it many obligations and responsibilities. This year, it is safe to say the Government under President Tony B. Williams and Vice-President Lorin Rivers assumed those responsibilities and carried out its obligations in an efficient manner.

The Student Government is the working body of Morris Brown's student organization. It voices the needs of students to the administration and coordinates student organizations and activities.

Making It Happen Through Campus Fad ...

What would campus life be without Fads. From the most expensive hair do, to the less expensive hair knot ... what would we do without FADS.

A simple hair style, beautified with wavy curls, designed by the aesthetic experience. Price $40.00

This Sharp, tough, and hype hair style looks like it cost $60.00 at Nexus, but it was done totally free by a Morris Brown student.

No, his head wasn't really run over by a car, but it is really showing tracks. What A Replica! Price $20.00

The hat style braid is back at Morris Brown, symbolizing culture and ranging from $200.00 and up.

This Paris looking wrap may seem very costly but it was originated from New Jersey for only $1.99.

The high top fade is currently the number 1 hair cut among men. Price $15.00.
Fads, Fads, Fads, Fads, Fads, Fads, Fads, Fads, Fads

This beautiful black bonnet cost $50.00 and this diamond nose stud cost $25.00

This young man has it in his head to take the right steps, created free at Freddy Krueger's Unlimited.

The knottie head scarf is no longer used to support hair rollers; it is now a popular fashion statement among young men. Price $10.00

Then and Now! The peacock style is back in the 1990's. "You've come a long way baby" and still the same price $3.99

The new Gel-O Mold. Price $2.50

One might think this dreadlock style was self made, but it costs $100.00 at Georgiana's House Of Styles.
Making it Happen Through Campus Fads

Coke is it! One of the most popular soft drinks, being advertised at MBC. Price of hat $15.00

A new awareness has brought the African hat and Malcolm X glasses back into style. Price $50.00

Brightly sculptured range from $50.00 to $100.00 at Bronner Brothers.

A ring that stretches from finger to finger. Price $150.00

Fendi has the ultimate time. Price: $350.00

Designer jeans now go beyond the label. $75.00

Fads! Fads! Fads! from name earrings to cut up blue jeans. Sculptured nails to shoes ... and weaved in hair. Fads just pop up everywhere.

M.C. Hammer created this sporty eyewear. Price: $50.00.

M.B.C. Mini Magazine
The new nugget style for men. Price: $75.00

Earrings, earrings, and more earrings. Five holes in one ear looks painful, but is different. Price: $5.00 — $15.00 per ear.

A diamond stud can soften the strongest man. Price: $500.00

Five holes in one ear looks painful, but is different. Price: $5.00 — $15.00 per ear.

A diamond stud can soften the strongest man. Price: $500.00

The gold hoops and headband reflects a man’s unique sense of style. Price: earrings $40.00, headband $12.00

An “initial” earring stud adds a touch of individuality. Price: $25.00.

My, what big earrings she has! The price of these cultural earrings $20.00 — $200.00.

Queen Nefertiti makes a gracious appearance in the earlobes of many Brownites. Price: $65.00

The double earring is the new collegiate fad with young men. Price: $250.00

Shoes Shoes Shoes

From sculptured nails to metal toe shoes, the women of Morris Brown are making a definite fashion statement. Nails $50.00-$75.00 Shoes $50.00

The casual look has never looked better on **Shannon**. She’s wearing a burgundy sweatshirt, checkered walking shorts, white socks & white canvas Tretorns. Price: $175.00.

**Mark & Desaray** are wearing the made in the USA Morris Brown College sweatsuits. Price: $25.00. hat: $10.00.
A Poets Corner

From the Inside Looking Out

The light comes on. I see you staring at me. You appear to be upset maybe you're depress. You’ve got a look in your eye I’ve never seen before. The look on your face is totally blank. I wonder about you, are you o.k., has something happen, for I wish I could get through to you. When I look out at you I want to touch you, I want to tell you it’s gonna be alright. Life is hard for you sometimes to hard, it takes a lot to continue. The look on your face tells me you don’t want to continue. That maybe it’s not even worth it. I say no, continue on the road of life. Don’t give up, shit is rough but it takes time, Life is time, don’t do it for you never can come back. Don’t commit it, don’t, I wish I could get through to you, for I’m just your conscious, your shadow.

— Richard Kevin

Feeling Lonely And Hurt

Sometimes I just wanna cry & cry When I think about my feelings of loneliness I hurt inside. There’s a saying out there. If a women wants you she’ll definitely let you know. The hurt I feel stems from women not letting me know if its me they want or not. So I guess and wait in despair as the feelings of loneliness and hurt lightens. No matter where I am and I think about my flaw, I cry inside literary, sometimes percutuating to the outside. Again I say, I’m nice, maybe too nice. I usually say what I feel sometimes too much. But should I have to go through this morbid feeling at such a young age. I don’t hate my life or myself, I love life and I do love women. I’m just tired of playing this stupid game. I’m tired of FEELING LONELY & HURT

— Richard Kevin

Still With No Lady

I was told by many that it couldn’t be true, But it has happen to me. As much as I try, it never helps yea, I’m Still With No Lady. Why has this fallen on me. At least one to be with, to tell all my troubles to. At least one to tell me, It’ll be alright. Do you have to be inlove, do you have to be married, or is it just a commitment. I’m Still With No Lady. I was told it takes mooney, it takes a rap, it takes a certain kind of car. I am one who has none. Am I different? Am I normal? Do I have a certain disposition? I’ll tell you one thing I’m still With No Lady. Will I always live with no satisfaction in my career ... , In my love life ... my fun. Look at it all, I’m Still With No Lady. I sit here, drinking a glass of alcohol. Am I drowning my sorrows, or am I picking them up. Is this the right thing to do or is tit wrong? Can you judge, do you approve. I’ll tell you this, I’m Still With No Lady.

— Richard Kevin

Middle-Class Blues

Life goes by ... Oh. The world turns, times go by. You work 8 hours a day, 5 days a week just to make ends meet. If you’re lucky, you’re rich, if not then you’re poor. There’s a group in our culture the backbone of our society. The Middle-Class. Everyday is a challenge for us, if we can’t work we can’t survive. Whether it is business, labor, or construction we live the Middle-Class Blues.

Everyday of your life you try to make life better for you family, good or bad it’s the decision you make. Life goes by and I’m singing the Middle-Class Blues. From north to south, East to West, city to city, and town to town, all you have is your family, God, your morals, your health, you carry the rest of the World like a spine in the human body, like an enlisted man in the United States Army. That’s why I’m crying, singing, talking and yelling the Middle-Class Blues.

Through their "HorrorScope"

**Aries** (Mar. 21-April 19) Young men tend to be more annoying and young ladies have runs in their pantyhose. Today is the tomorrow that you worried about yesterday. Seek Cancer for help!

**Taurus** (April 20-May 20) You should have wealth, but rain just keeps falling. You are still broke and without a companion. Your love life is a wreck. Remember: No man is an island — but Eugene is a city in Oregon.

**Gemini** (May 21-June 20) People tend to act as much like you as your twin. Boys have holes in their socks and girls have too much makeup on. Do your own thing and try not to get caught at it!

**Cancer** (June 21-July 22) You are a victim of being in the right place at the wrong time. You seem to be the talk of all gossip, usually bad. But keep smiling — It makes people wonder what you've been up to!

**Leo** (July 23-Aug. 22) The love that you think you have will finally lose itself in a hurry. Try loving they neighbor...It sure beats going clear across town. If that doesn't work — Hang on Baby, Friday's coming!

**Virgo** (Aug. 23-Sept. 22) Persons you feel close to stay away. Persons you hate flock around you. Your love at-first-sight soon becomes a fatal attraction gone wrong. Keep in mind — It's always darkest just before it's pitch black.

**Libra** (Sept. 23-Oct. 22) On your way to class, you fall down the steps. Still vulnerable, you go back up the steps and fall back down again — Never make the mistake twice; Go ahead and make some new ones. Every mighty oak was once a nut that stood its ground.

**Scorpio** (Oct. 23-Nov. 21) Embarrassment is becoming more popular for you. Your blind dates will show up in butterfly collars and shoes 6 inches high. Don't worry, just break out the sunglasses and remember that before you meet the gorgeous prince or princess, you have to kiss a lot of toads.

**Sagittarius** (Nov. 22-Dec. 21) Nothing goes right for you. However, you finish a project that's long overdue, namely that 099 math class you've had since freshman year (You're now a senior.). Your future shows promise, another 3½ years at M.B.C. Seek Libra for help. Sometimes a friend can make all the difference.

**Capricorn** (Dec. 22-Jan. 19) Your sense of responsibility obligates you to kiss all that you date, even those with food in their braces. A word of warning — Never kiss anyone on an empty stomach...Behind the ears or on the hand, maybe, but never on an empty stomach.

**Aquarius** (Jan. 20-Feb. 18) Cupid will strike, but not on you. Everyone had a date to the Spring Affair except you. Don't feel blue, your back luck will only last throughout the summer. You'll scream in frustration. Remember — It is better to remain silent and thought a fool than to speak up and remove all doubt.

**Pisces** (Feb. 19-Mar. 20) You think you know it all and it's very annoying to those of us who do. Your aggressive attitude allows you to eat, drink and be merry, but it's no use to wait for your ship to come in unless you have sent one out. Continue using your head...It's the little things that count.

Morris Brown College

Meet the Challenge of Excellence

To Our Friends in Atlanta and the Great Southeast:

Morris Brown College is a proud part of the rich heritage of Atlanta and the Great Southeast. For more than a century, the institution has contributed to the progress of our communities, region and nation. In recent years, the College has made major strides in academic excellence, the primary goal of the Administration. Here are some of the signs of our progress:

- Enrollment has increased dramatically, doubling in five years, going from only 900 students to over 2,000 this fall.
- The College has received $2 million in new academic buildings while competing in its first football campaign, exceeding the $5 million goal and doubling the enrollment.
- Academic achievement of students has improved, with the earned combined Scholastic Aptitude Test (SAT) scores for entering freshmen continuing to rise to the past few years and at least a 1,100 SAT score being set for freshmen.
- One hundred percent of the College's first two graduating classes in nursing passed state board examinations for licensure as registered nurses.
- Morris Brown College has promoted degree programs in Hotel, Restaurant, and Tourism Administration.
- Among our 8,400 students are leaders in business, government, education, literature, science, art, and religion. Future leaders in every field will provide opportunities for community leadership.
- More than 50 percent of our students major in business and Morris Brown College has graduated 17 Black Certified Public Accountants than any other private college in the nation.
- Morris Brown College received substantial contributions to the economic base of the Atlanta area with an annual impact of nearly $7 million a year, a college "family" of 10,000, including students, faculty, staff, and alumni.
- The community supports the College and is deeply grateful to every supporter and friend. - our trustees, alumni, faculty, staff, students, corporate and individual donors.

We are excited about these new challenges, and we are committed to making this one of the best private colleges in America. You are invited to join with us in this great endeavor to provide quality educational opportunities for tomorrow's leaders.

Sincerely,
Calvin H. Smith, President

Violets

Like Deltas, Violets must be individually selected. You cannot grab a handful without damaging some of them. They cannot be roughly picked or picked in a hurry.

Like Deltas, the Violet is not the kind of flower that shows off its fullest beauty standing alone, but is naturally gregarious and looks best in natural clusters.

However, Like Deltas, the Violet can stand alone and still reflect beauty.

Like Deltas, although at first glance Violets see to look alike, on closer inspection, one notes the many subtle, charming, and individual characteristics that make each one distinctly different from its sisters.

Like Delta's despite the Violet's seemingly fragile beauty, it is nevertheless, sturdy and strong because it yields a long stem when pulled.

Finally, like Deltas, even the Violet that has passed its allotted time for blooming retains the dignity and coloration that bespeaks its exclusive culture.

Now is the time in your life to consider a variety of career options. The decisions you're making will determine the success of your career path as well as your long-term satisfaction on the job. As you look at what is available to you, consider the wide-ranging responsibilities offered by a career in restaurant management. Hiring and motivating a team of employees, maintaining customer satisfaction, operating a profit center with bottom-line accountability, setting and meeting budgets. These are just a few of the business challenges that will present themselves to you.

Weigh all your options carefully. And if you think that the field of restaurant management has the key ingredients for a challenging, rewarding career, we hope you'll consider Wendy's as the ideal setting for your professional development.

Making It Happen . . .

Turning a Rich Legacy
into a Viable Present
With a Promising Future.

Ten Commandments of College
1. Thou shall not skip class; just take the day off.
2. Thou shall not wear taps; spiked cleats make more noise.
3. Thou shall not jump down the stairs; sliding is more fun.
4. Thou shall not peek at thy neighbor’s paper; have him/her pass it over.
5. Thou shall whisper in class; yelling draws more attention.
6. Thou shall not borrow thy neighbor’s pencil; take it.
7. Thou shall not walk out of assemblies; just run.
8. Thou shall not throw spit balls; book are heavier.
9. Thou shall not copy thy neighbor’s homework; have him/her copy it for you.
10. Thou shall not send thy instructor to his/her grave; the undertaker does a better job.

— Delores J. Perry/Staffer

The End
