Dear Sir,

I am writing this letter to kindly request you to help me out of this difficulty. I wish to study for a Master's degree in the Atlanta University School Of Social Work. I have completed in the University of South Africa the B.A. (Social Science) degree with Economics and Sociology as three year major subjects. I have also passed Psychology, History, and Social Work. Dr. Washington has promised me a tuition scholarship for the semester beginning in September, 1954. However, I would be responsible for my own room and board. In spite of this generous offer by the Director of the School of Social Work I still find myself unable to pay for my maintenance while receiving my Social Work training at Atlanta University. I am, Sir, applying for a scholarship that would cover maintenance expenses especially board and room.

I am a 32 year old African and I wish to devote my life serving the African people in the field of Social Work. In this country there are no facilities available to Africans for post graduate training in Social Work. Moreover, the Apartheid policy of the South African Government and its policy of restricting the African people from getting higher education would make it impossible for me to receive a training in this country in Social Work.

I would be willing to perform services of any nature in return for a scholarship and I shall be happy to hear from you soon.

Yours sincerely,

Joshua T. Mgadi
Joshua T. Mgadi.

November 28, 1953

Mr. Joshua T. Mqadi
