Dear Mr. Spriggs:

In November of this year, the Johnson Publishing Company will be moving into a new building in the Chicago Loop. We will want to include in the building works by Black artists, and we will need to contact good artists from all over the country to invite them to submit slides of their work for consideration by the Art Selection Committee.

Could you assist us and the artists by providing us with the names and addresses of artists of exceptional talent in the New York area? We would appreciate your assistance.

Very truly yours,

Hoyt W. Fuller
