Atlanta, Georgia

My dear Mr. Thompson:

I am enclosing the Neighborhood Union's check for \$75.00, representing the last payment on the \$300.00 due you for construction of the annex to the Neighborhood Union community house. I send this with the deep appreciation of your kindness and great service to the Neighborhood Union.

I am leaving today to be away for several days. If during my absence any question arises about the color of paint or anything else with reference to the building, it will not be necessary to delay the work for this. Please use your judgment.

Sincerely yours
