The Test of the Heart.

" 'Tis easy enough to be
 pleasant
 When life flows by like a song
 But the one worthwhile
 Is the one who will smile
 When everything goes dead wrong
 For the test of the heart
 is trouble
 And that always comes with
 years
 And the smile that is worth
 All the praises of earth
 Is the smile that comes
 through tears

Atlanta Ga Mar 15-1938

The regular meeting of the neighborhood union met at the above date at the home of Mrs S Shorter 1445th Rd 430 P.M. with the Pres Mrs.

Connally presiding Lord prayer in concert. Minutes of the previous meeting read and approved a cord read from the family of Mrs Hill thanking the neighborhood union for the floral & cord of sympathy. at the last meeting the Pres promised the organization that she would look around & see if she could find a suitable home for us & likewise asked the members to do the same. she read a letter from a Realstate firm telling of a place on West Fair st no. she had looked at place and was much impressed with it & that there was a vacant lot adjacent that may be could be rented or leased to be used as a play ground Mrs Hope had also looked at place Mrs Shorter asked some question as to location condition of lot Pres stated that the house in itself wasn't so much but had high ceiling but bad floors

but being high enough for basement rooms also she had looked at some other places on Chapel st but not so desirable the members were asked to go by and look at the place but on casually and too they could continue to look out for locations & bring them finding back to the next meeting. The Pres asked the organization what price should she offer the man for place cash it was suggested that the Pres say & Mrs Hope contact man & get his lowest cash price ere they offered them Mrs Shorter was of the same opinion & the sooner the center was secured the better it would be for all concerned the question was asked if the Secy had recorded the discussion as to the committee including Mrs Hill she had not but the Pres at this time cleared up the matter a committee was then appointed look into the matter of purchase Committee Pres say Mrs Williams Mrs Hope would also act it was suggested that Mrs Williams seek the advice of her husband so to aid the committee in their acts

The Pres stated that there was also a vacant lot on Elm St that some also claimed the Committee attention Mrs Melzer asked about the taxes again Pres had not looked into it but would do so. Some one stated that heretofore the organization had not paid taxes it being a purely charitable institution. The Pres then asked Mrs Hope the founder of the organization to retell us the present need of the organization and the work previously done she did and was made so plain that the organization felt that they were willing & ready to get down to real business again. She suggested that a committee be appointed to make a real survey of the entire neighborhood take each district & work out a plan that would be suitable for at least the next 5 or 6 years just as had been done in the beginning we could then see the needs of the entire family having had a heart to heart talk with them. Citizenship would be stressed also some questions were then asked concerning the clinics & if we had Co

confine our work to the pre school age and if to do so we would be over lapping? Mrs Hope still felt that this thorough survey would give us all of the information desired. The Pres then stated that she was making a report of some money in her possession as follows
Paid for little items see report
but she turned back to Treas. Mrs Treas made her report as follows

Bal in bank \$143.67

Mrs Hope moved that the Treas report be read carried she also moved that the Pres appoint the Committee to work out the program before another regular meeting carried a call meeting might be called if deemed necessary by the Pres.

 The regular meeting of the
 Neighborhood Union met with Mrs
 Cornally, meeting called to order
 by the President, Lords prayer
 in concert. The minutes of
 the last regular meeting read
 by the Pres. Minutes received with
 the proper correction.

Mr. Bullock came in at
 this point. The Pres. explained
 to us why he had come.

Mr. Bullock told us how they
 secured help from the W. P. A.
 for the Y. M. C. A. and
 just how we could go

about it. He said it was
 a rather long drawn out
 story; and that it would
 be necessary for department
 of the City or State to take
 charge of the building if
 we could get them to
 cooperate with us.

He said the Board of
 Education assisted them.
 He said that we should
 get out project outlined

well and make it
 complete as possible.

He said there were two things
 that we must do. 1st Get a clear
 cut program and the
 things we wanted to promote.
 Show the needs of the
 organization.

2nd Be sure to make
 your request for as much
 money as we will need and
 include everything and
 make it as complete as
 possible.

He said that we should
 put in a request for
 new plumbing through-
 out the house.

We should put in
 an automatic oil heating
 system. Play ground
 tennis courts. He said
 the Title Co. would
 deny us to have
 the property surveyed.

He said we should ask
 for the loan from 3-5 or
 ten years.

Our plans must be definite & concrete before we present them and that we must be sure that we ask for assistance from the W. P. A. to make improvements and then we would not have to pay it back.

He said the W. P. A. and N. Y. A. was the same.

Mrs. Williams asked for a correction in the last minutes. She said that her husband said it would take at least \$1300 to get the building in order. That was just roughly speaking.

The Pres. said that we should get our zones outlined and round up our children. Make the zoning city wide.

She said that we should contact all neighborhood groups and tell them what we are trying to do.

Mrs. Connolly said that she would take Summerhill. Mrs. Rob South Atlanta, Mrs. Wheeler, Mrs. Henderson and Mrs. Ferrell would contact the fourth ward group. Mrs. M. E. Gee and Mrs. Richardson will help with the fourth ward group.

The ladies on the Westside will take their same zones. Pres. said be sure to get the names ages and addresses of all the children.

We need \$200 to make up deficit.

Mrs. Connolly & M. E. Gee is to ask Mr. Milton to lend us the money.

He said the body would have to authorize them to borrow the money for 90 days.

The Pres. said she hope to make a sale before the 90 days was out.

It was moved by Mrs. Walden that the president and sect. borrow the money from the Citizens & Southern Bank. The motion was carried.

The Pres. asked that start our zone work at once.

One room of the building had been cleaned & put in shape for a meeting with chairs & table. The thoughtfulness of the Pres. The Lords prayer repeated in concert by assembly. The minutes of the previous meeting read and a correction by the Pres relative the statement made by Mr. Bulluck (ie) The word lease instead of loan. The minutes were then approved. The financial report called for Sec report. The Sec also stated that she had a check from Mr Davis for \$35.25 at this point the Pres stated that Mr Davis could not collect the rent in future owing to pressing business connected with his work. Some real estate names mentioned but it was moved & deemed that since Mr Allen was a collector for the University etc that he be given authority to collect for

us Mrs. Melsee turning over to him
 the lost statement sent us by Mr
 Davis motion as made carried it
 was also reported that Mr Davis
 had in his possession \$8.50 rent
 collected since making his last
 statement. The Treas then continued

 asked the question as to the
 no of feet of land in the lot purchase

 that the other land adjoining could
 be used by the Neighborhood Union &
 that the organization had an option
 on same. The Pres then displayed
 all papers deeds policies etc per-
 taining to the purchase she was
 complimented for her thoughtfulness
 and accuracy in the transaction
 Some questions asked about the
 fire insurance the amount of
 insurance \$3,000 fire years
 questions were also asked as to
 length of time given to pay the

 All papers were on display for the
 scrutiny of all members. They
 expressed themselves as being well
 pleased & thanked the Committee
 & the Pres for a new chance to
 carry on in the work of the
 organization that had done so
 much for the entire city - Mrs
 Wilson who has had quite a lot
 of experience in real estate was
 particularly pleased with the transaction
 Then comes a question relative
 to the occupant of the little
 two room house on the side
 adjoining the center The caretaker
 had lived there 8 years and he
 would like to stay there as
 to what the caretaker would do
 for the rent of place some thought
 it would be better for him to
 live in the neighborhood house
 as we would have it furnished
 and it would be more protection
 for our things some thought it
 better to let him remain
 in the little house for the present

or until we had put the Center in Condition. The Pres asked of report from the different clubs to be contacted. All reported very favorable and was willing to join in helping us put over the program. As to Carolyn's miss young moved that we keep him on premises possible further notice motion carried. It was stated here that Mr. Bullock was expected back in a few days and would help us make further plans to carry on the matter of that house was then taken up. The repairs etc. Pres stated that she had had an estimate as to the material needed for repairs and is as follows: 12 rolls of roofing needed strips to match and could have it put on for 90 cents a roll and the strips would cost \$5.00. The plumbing was also out of repair and roofing. Cement needed and the hedges needed cutting with hoes etc. terminated up with a rough estimate that it would cost \$7.25.

She also stated that Mrs. Lewis of the Boy Scout organization offered the scouts and the Carleton promised to supervise their work and help for 1.50 per day. He was then called in and asked about the time it would take for the cleaning etc. roughly speaking about 2 weeks. That was left indefinite. He was also asked if he would put on roofing paper & he said for .75 per roll. He also stated that he would clean the entire house windows & wood work for the use of house up to this time. After some other talk & plans it was decided that it would take about \$70.25 to put things in fair shape. Mrs. Shuter moved that the Treas. pay out the necessary amount for repairs motion carried. The question was then asked if the Clinic things had really been given to Dr. Sherrod and where were the other things. Some thought Mrs. Hill had some Mrs. Richardson had a basket

of things Mrs. Shoter was there
asked to see Mrs. Hill and if
she was able to give any information
about the things. The Pres. then
asked concerning the Secy of the
neighborhood union & the Secy of
the Executive Committee. Mrs.
Whitaker having been elected for
the latter. Some asked if Mrs. Williams
would serve. She couldn't. Mrs.
Talmall couldn't. Mrs. Shoter couldn't.
Mrs. Luckie. It was then decided
that Mr. Carry on till later &
would then elect one. Asked
about the lights. Pres. would have
lights put on in time for next
meeting. Carstoker was asked if
he would accept two rooms in
center for his services to look
after & keep house in order.
He would think of it & report
when he had looked it over. Work
was done. Secy had sent out 50 Cts.
she was to send out 75 next
time. The 3rd Tuesday in June
it was moved & seconded to give
to her \$1.25 for Cards. Motion carried.

the loan of \$15,000 instead of \$500.00
also the insurance \$5,000 5 years

occupy. He was already using the

This was left to be considered if the tin could not be used would buy one roll of roofing. The caretaker had clean all rooms as per contract but had not washed windows. He would wash them tonight later. Mrs. McEee had paid \$1.00 for cleaning material. Some one asked if there were blinds at windows when the house was purchased. Some thought so others were not sure. Pres thought if they were there that they should be here now. The matter of

the window pans mentioned Pres had checked them some needed on sleeping porch and the glass door in front was also broken. These repairs would be looked into. She also wanted to know if furniture etc. belonging to the Union should be moved in at once. Then the matter of the place of the Clinic, investigation showed that the sleeping porch would be the place for it as there was a separate entrance and the water connection were already installed. asked if the Union could get a nurse to come in from the red cross maybe by Sept 1st. Mrs. Hope was anxious for the Union to take up the work as heretofore & get started. Mrs. Richardson thought a write up in the paper would help. The Pres thought it best to get everything in order as fast as could before giving much publicity to same. Some asked about the N.Y. A. worker. The furnishing of house mentioned especially the lack of bedrooms. Some thought the Board of Health would do

Pres thought she could get material and have it done with less money Mrs Hope moved to have the rooms fumigated motion carried (5 room) others if necessary - asked as to how we would get the things transferred to Center Mr. Smith would be asked to aid us (free) Mrs Wilson thought that the lighter things could be carried in cars The ladies donating the use of their cars this was agreed then each member was asked to contribute some odd pieces of furniture. Matter of Caretaker again discussed that because if we had all of our things in building some one would have to see after them as not long ago all of the furniture had been stolen out of present building asked what doctors would be tasked to assist in clinic then the discussion as to what to expect from the Y.N.A. & the M.P.A. as outlined by Mr. Bullock The lease the grounds for

recreation the monthly meeting the staff the workers and all talked about it was then moved to appoint a Committee to meet the Board of Education or who ever is to be contacted about this matter Mrs Hope & Fager nominated the Pres would be on committee also. asked after the things are all in house would a call meeting be in order yes. again the clinic was up for more discussion and as to the staff of things from the clinic room Some thought if we got the loan of a skeleton from Grady Hospital that would solve that problem asked if note due in July would be paid Mrs Hope moved to pay some motion carried a bill for insurance on Ella \$5.40 a motion to pay motion carried A Bridge party suggested to raise funds this was left for the call meeting Mrs Yancey suggested getting ~~one~~ another person to help in clearing the grounds as it would take Mr. Andry to long to complete the work

Her suggestion was well taken
and the same would be done
Pres would look over the
diagram and see just what
workmen were ~~there~~ needed in
the district Mrs Stephens was
given a hearty welcome

A call meeting of the neighborhood
union together with two members
of the Executive Committee The Pres
Mrs Connolly presiding Rev.
Crowford was asked to open the
meeting with prayer He led with
the Lords prayer ~~Then~~ The minutes
of the last meeting omitted the
person asking being at that meeting
being absent. Pres stated that
this was a call meeting for the
purpose of making a report of sale

of property on Ella St & to let the members discuss the ideas of some as to the advisability of using a part of the money for repairs for paying this place entirely out of debt with the money received from sale of property - also another item was the desire of the N.Y.A. to again make negotiations for rent of property for their different activities. The same having been explained by Pres some time ago but saying that she felt that we could ask more rent this time as she was informed that they did not secure the place on Jackson St. Pres gave all members the chance to discuss the whole matter thoroughly. Some thought that being an organization that they could not get a loan so easily. After much discussion Dr Crawford asked for the financial report it was read see report. Miss Clark then moved that the same be received and the atty fees of \$75.00 be paid. Motion carried. The admission fee 15 + 25 ct and a parade on the West side Mr. Blythe asked if Committee could censure the affair to force hurry & put on our yos. Work would be found for 3 or 4 weeks for some young ladies Mrs. Frank Seal was suggested as or rather Pres stated that if necessary she would have another call meeting. Address would be secured also for program. At this point Rev Holland & his deacon Mr. Coleman was asked to make a talk concerning the sale of Mt Mariah Church

for which much confusion & misunderstanding was brewing. The Pres made a statement similar to one made ere now. Col Walden asked about the appeal to Young Men & when was it ^{made} ans. 2 months ago. This statement made by Mr Coleman ~~was~~ about the statement made by Pres Rev Holland made his statement loathly on what Lawyer Lewis had said after many questions and ans pro & con. It was moved & seconded that Col Walden & Mr Blythe look into matter thoroughly as to the \$200 deposit made & if it was a sole or option. Mrs McEhee thought that after Rev Holland and others had called to say that no church could be built on lot that she as deacon would look ~~into~~ into the matter or best she could. The Pres not being in town, she went to house & found that it was being demolished. Plumbing fixtures & electric fixture. When house she immediately asked Mr Allen to have the house rerevited & repaired.

Pres stated that she shouldn't have had anything to do with it. But in view of the fact that it wasn't brought out whether or not the house had been sold or option to sell. The Clinics & the putting on of a greater program for the neighborhood. Mr. Turner had begun his Dramatic class with a few of the members present. A young lady well known to the Pres wanted to conduct a class in typewriting. The neighborhood house was open to all such projects. Mrs. Shuler thought that the foregoing suggestions made by the Pres. well taken. Miss Young then moved that Miss Wright

he allowed to conduct the Cross Motion Carried. The next thing in order was the tickets & for the Circus & the failure of the man to show up. The Pres thought that since the tickets were out for sale that they be sold. Mrs. Luckie thought that it would be impossible to sell the tickets nor go any further with the main proposition that in evidence & had not been seen for some days. It was brought out that he was very anxious for an advance sale of tickets. The tickets had been given out to persons to sell & some wanted to know if the Neighborhood Union would be responsible for the sale of same. Pres stated that she was sure of a show if she had to get the people at the Southeast Fair to put on some kind of a carnival. Miss Young brought the we had best look out for something else & not wait on man to show up. Mrs. Luckie was of the opinion that the grounds of the Neighborhood Union could be used for a carnival & we could show in

the cash made. Mention was made of the circus being arranged for the Civic League. Some asked of the date some hoped to disappoint people as the placards were out. Then it was decided to find out if we could put on something to make some money but a wait of 10 days would determine if the circus affair would be materialized. Friday the 13th of this month Miss Young there suggested that a committee be appointed to thrash out things & plan something also to contact Mrs. Tombs Person named Mrs. Tatnell Mrs. Williams Mrs. Shuter. The committee would see the carnival people for either inside or outside. Mrs. Luckie would be on the committee. Miss Young made quite an extensive talk as to the failure of the neighborhood to function as a community center and that if the improvements suggested some time ago had been made that at this time we would be in the midst of a paying community

she had consulted several architects
 had buds & plans and was so well
 acquainted with ^N that she could tell
 even the needed flanks & window
 panes no attraction about the house
 and apparently the group was
 traveling in a circle that she
 knew that many organizations in
 the city would aid in this community
 work if they were properly contacted
 and what was needed now was for
 some white persons to sit down
 & work this plan out after many
 more words to this effect. The Pres
 withdrew some names but
