40th Anniversary of the Atlanta University Students Civil Rights Movement

O V E R V I E W

The year 2000 marks the 40th Anniversary of the historical Atlanta University Students Civil Rights Movement of the 60s. Timeless energy was exerted in marching, picketing, sitting in at lunch counters, strategizing and encouraging peers to join the cause.

Only a faithful few were blessed with the bravado and the fortitude to withstand the beatings, ostracism, and in some cases, jail sentences for the cause of justice and equality for people of color. Through these most challenging and turbulent times, bonds were formed that will eternally link these comrades of the civil rights movement.

However, in spite of all of the effort put forth by the students, there remained a missing link in the chain of events. The movement was in need of a recorded chronology or historical documentation of the students' activities and progress. While there was most assuredly physical evidence that the student movement existed, the movement needed a voice. It was through the filling of that void, and out of the womb of the student movement, that ***The Atlanta Inquirer*** was born.

Today, 40 years later, ***The Atlanta Inquirer*** continues to be the voice of the Black Community. Lest history forget the vast contributions of these brave young people, every five years the students come together to celebrate the legacy. It is towards this end that ***The Atlanta Inquirer*** will Celebrate the 40th Anniversary of the Atlanta University Students Civil Rights Movement.

FOUNDING MEMBERS OF THE COMMITTEE ON APPEAL FOR HUMAN RIGHTS

Carolyn Long-Banks
Marion D. Bennett
Wylma Long-Blanding
Julian Bond
